REPORT OF THE BOARD OF SELECTMEN

To the Citizens of the Town of Middleborough

The report that follows for 1980 contains most all pertinent information and is submitted to you with hope in mind that it will bring more information to you about the operations of the town.

The Board of Selectmen are grateful to the many citizens of the town who serve so willingly and give of their time on the many committees to make town government work. The majority of these people serve with no remuneration other than the satisfaction of doing their best for their fellow townspeople and for this unselfishness they deserve great credit.

It is the desire of this Board to always serve with the best interest of the town at heart, and the Selectmen ask any who share this belief and desire to offer their time and talent as members of the many varied committees that are needed to serve the needs of the town.

It has been a very busy year with many problems coming before the Board that have either been solved or brought under study for eventual solution.

We trust that the level of the service can be maintained and improved, our problems solved, and, plans developed for the growth that our community is going to experience in the months and years to come.

We wish to thank all elected and appointed officials for their cooperation throughout the year.

Respectfully,

George M. Ryder, Chairman
David F. Michael
Paul T. Anderson
Harold E. Tower, Jr.
Lawrence E. Carver

ANNUAL REPORT OF THE TOWN MANAGER

This past year we have experienced an economic slowdown with a few exceptions. Some of our larger businesses and industries in Middleborough have not found this to be true. Several have expanded and are contemplating further expansion. More jobs have been filled and the future looks good for future employment. The Town of Middleborough needs many diversified businesses. We have the land area and we now need proper planning with zoning changes to aid in the future needs of this striving town.

The 4% mandated cap on budgets was thoroughly reviewed and pared by the Finance Committee and Selectmen prior to finalizing for voter action at the Annual Town Meeting. This review is a very time consuming process for Department Heads and Finance Committee. A job that was well done. Necessary services were not cut in any manner.

With the mandated Proposition 2½ that was so overwhelmingly accepted by the voters in Middleborough and the State I am sure that there will have to be some changes and restructuring in many departments for the future operation of the town.

Even though we have been able to maintain a relatively stable tax rate these past several years I have always maintained that the real estate tax is the most regressive tax. Perhaps we must now wait and see just how this mandate will solve this problem. We should now make it clear to the Governor and State Legislature that we do not want the State to increase or balance their budget by reducing local aid. The State must increase local aid by giving back more of the money that is continually being taken from us. We should move toward the State's assumption of full financial responsibility for those existing governmental programs and removing any burden from the cities and towns for even partial support.

We should also oppose any Federally mandated legislation that imposes burdens and costs upon the state and local governments. If we say nothing and do nothing then we deserve whatever is imposed upon us. This also pertains to your local government. A government that is responsive, as well as responsible, ought to be actively studying ways to streamline its daily operations.

The Town of Middleborough still has many needs but we have progressed at a steady rate keeping in mind the serious economic situation that prevails. As we attempt to, maintain essential service levels we must seek out and implement newer and better methods and procedures.

"Cooperation" has been the key word in the development of our town. All Boards, Committees, and many dedicated employees have helped continue an atmosphere of friendliness in Middleborough. The elected and appointed officials have been able to attain their goal of a better Middleborough through this cooperation. It will take all of us to work together with ideas and understanding to improve the quality of life in Middleborough. Higher taxes is not the answer. More efficiency in all areas will help. In the past and present, special interest groups have sprung up like dandelions after a Spring rain and the vast majority of the population is still unrepresented by them whereby increased costs for programs are paid by all.

We will continue to strive for better municipal services while controlling costs within reasonable limits.

Collective bargaining was again a long and tedious process with a three year contract signed with the D.P.W.; a two year contract signed with the Police and Fire Departments; and, a two year agreement with the Non-Union personnel.

Once again I would like to thank the Board of Selectmen, all Department Heads and employees, all committees, and especially my office staff for their fine cooperation throughout the year.

Lets all have determination to push ahead and work out today's problems together to ensure a better tomorrow for all.

REPORT OF THE TOWN CLERK

**The Commonwealth of Massachusetts
Michael Joseph Connolly, Secretary**

Middleborough, Massachusetts

WARRANT FOR ANNUAL TOWN ELECTION

To Robert W. Whitaker or either of the Constables of the Town of Middleborough:

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn all the inhabitants of said town, qualified to vote in town affairs, the voters of Precinct 1 to meet in the North Congregational Church, Precinct 2 in the Armory, Precinct 3 in the Fire Station, South Middleborough, Precinct 4 in the Sacred Heart Parish Hall, Oak Street and Precinct 5 at the First Congregational Church at the Green, of said Town, on Saturday April 5th, 1980 from 10 A.M. to 8 P.M., to choose all necessary Town Officers, the following Officers to be voted on one ballot viz: One treasurer and Collector for two years, Two Selectmen for Three Years, Two School Committee Members for Three Years, One Assessor for Three Years, Two Finance Committee Members for Three Years, One Planning Board Member for Five Years, One Planning Board Member for Three Years, One Housing Authority Member for Five Years, One Bristol Plymouth Regional Technical School District Member for Three Years and to vote on the following questions.

TOWN CLERK

Question No. 1: "Shall the town distribute to its insured employees, after deducting the town's total administrative cost, the balance of any group insurance dividend which shall be based upon the employees' proportionate share of the total premiums paid for all insurance coverages?"

Question No. 2: "Shall the town vote to accept the provisions of section thirteen of chapter two hundred and fifty-eight of the General Laws which provides that the town shall indemnify and save harmless municipal officers, elected or appointed, from personal financial loss and expense including reasonable legal fees and costs, if any, in an amount not to exceed one million dollars, arising out of any claim, demand, suit or judgement by reason of any act or omission except an intentional violation of civil rights of any person under any law, if the official at the time of such act or omission was acting within the scope of his official duties or employment?"

Given under our hands at Middleborough, this 24th day of March 1980 A.D.

George M. Ryder
Paul T. Anderson
Lawrence E. Carver
David F. Michael
Harold E. Tower, Jr.
Selectmen of Middleborough

Pursuant to the instructions contained in the above warrant, I have notified and warned all the inhabitants of said Town of Middleborough, qualified to vote as expressed in said warrant, to meet at the time and place for the purpose specified, by causing an attested copy of the same to be published in the Middleborough Gazette on the 27th day of March 1980, that date being more than seven days before the time specified for said meeting.

Robert W. Whitaker
Constable, March 27, 1980

Middleborough, Massachusetts

Middleborough, Massachusetts

WARRANT FOR ANNUAL TOWN MEETING

To Robert W. Whitaker or either of the Constables of the Town of Middleborough:

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn all the inhabitants of said town, qualified to vote in town affairs, to meet in the Middleborough High School, Wayne M. Caron Auditorium on Monday, April 28, 1980 at 7:30 P.M. to act on the following articles.

ARTICLE 1: To raise such sums of money by taxes or otherwise as may be necessary to defray the expenses of the Town for the period beginning July 1, 1980 through June 30, 1981 inclusive, to appropriate the same and act any thing in relation to the assessment and collection of taxes for said period.

ARTICLE 2: To see if the Town will vote to authorize the Town treasurer with the prior approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1980 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 3: To see if the Town will vote to raise and appropriate a sum not exceeding Two Hundred (\$200.00) dollars and choose a Town Director for one year, all in accordance with the provisions of Sections 40 through 45 of Chapter 45 of Chapter 128 of the General Laws, said sum to be placed in a "County Extension Town Account," so called, and expended by or at the direction of the Plymouth County Trustees for County Aid to Agriculture, or take any action relative thereto.

ARTICLE 4: To see if the Town will vote to appropriate by transfer from the income from the sales of gas and electricity, a sum of money to the Town Hall Expenses Account, and, for the purpose of fixing the tax rate, a sum of money to the Assessors and act anything thereon.

TOWN CLERK

ARTICLE 5: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the treasury or from Revenue Sharing Funds a sum of money for the purpose of supplementing the Police radio replacement account established under Article 4 of the Warrant for the September 19th, 1977 Special Town Meeting, or act anything thereon.

ARTICLE 6: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the treasury, from Revenue Sharing Funds or otherwise for the purpose of continuing the Micro-Filming Program for Town Departments' records including acquisition of equipment and the purchase of services such sum to be added to the existing micro-filming account established under Article 14 of the Warrant for the 1977 Annual Town Meeting, or act anything thereon.

ARTICLE 7: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the treasury or from Revenue Sharing funds a sum of money for the purpose of paying Police Medical Expenses, or act anything thereon.

ARTICLE 8: To see if the Town will vote to raise and appropriate or transfer from available funds in the treasury, a sum of money for the purpose of installing recommended heat and smoke detector equipment at the Middleborough Memorial Junior High School, complete with hookup to the main Fire Station, or act anything thereon.

ARTICLE 9: To see if the Town will vote to raise and appropriate by taxation the sum of \$21,784.00 to meet the Town's share, and to transfer from available funds in the Treasury, in anticipation of reimbursement, the sum of \$65,348.00 as the State's share of the cost of work under Chapter 90, Section 34 (2a) of the General Laws, being funded by Chapter 480, Acts of 1979, or act anything thereon.

ARTICLE 10: To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase or eminent domain, under the provisions of General Laws, Chapter 79, for the purposes of supplying its inhabitants with water for the extinguishment of fires and for domestic or other purposes, including without limitation, the development and maintenance of a new water well site and water supply and for access to the well site, the fee and any and all rights and easements, or an easement or easements, in, over, under and through any portion or portions of the two parcels of land hereinafter described (the acquisition of the second parcel to include the further right to construct a road, erect utility poles or lay pipes for electric and telephone lines, and to lay gas, water, sewage and drainage pipes thereon), and for these purposes, including without limitation, the payment of land damages, to raise and appropriate a sum of money, or act anything thereon. Said parcels of land are described as follows:

PARCEL I:

A certian parcel of land situated north of Taunton Street, northeasterly of West Grove Street (Route 28) and southeasterly of Route 44 in the Town of Middleborough, County of Plymouth, Commonwealth of Massachusetts, being more particularly bounded and described as follows:

Beginning at a point marking the northerly most corner of land of J & J Ventures, Inc. and the southerly most corner of the parcel herein described, said point being located N 36°-51'-21" E, a distance of 100.00 feet along the westerly boundary of said J & J Ventures, Inc. from a point on the northerly sideline of West Grove Street, said point also marking the southerly most corner of land owned by Palnon Realty Trust;

Thence, N 36°-51'-21" E, a distance of 525.00 feet to a corner;

Thence, N 9°-30'-04" E, a distance of 525.84 feet to a corner;

Thence, N 63°-54'-10" E, a distance of 370.53 feet to a point near a bound;

The last three courses by remaining land of Palnon Realty Trust;

Thence, continuing N 63°-54'-10" E, by land formerly of Gerald J. Kelleher, a distance of 379.47 feet to a stone bound;

TOWN CLERK

Thence, S 34°-08'-59" E, by land of said Kelleher, a distance of 759.80 feet to a point near a disturbed stone bound;

Thence, S 54°-21'-02" W, along land now or formerly of Donald B. Adams Construction Co., Inc., the end of Whittner Avenue, so called, land of Daniel H. Holmes, and of Patricia A. Seekell Trustees, land of Michael D. and Brenda L. Mason, and land of George A. and Gail M. Taylor, a distance of 1,162.51 feet to a corner;

Thence, S 17°-02'-50" E, by land of said Taylor, a distance of 64.11 feet to a concrete bound;

Thence, N 87°-53'-52" W, by land of Connolly Real Estate, Inc., a distance of 199.91 feet to a corner;

Thence, N 76°-17'-10" W, partially by said Connolly Real Estate, Inc. and partially by J & J Ventures, Inc., a distance of 387.15 feet to the point of beginning.

Containing 23.56 acres, more or less, and being shown as Lot 3 on a plan entitled "Plan of the Taunton Street Municipal Well Site in Middleborough, Mass." dated September 19, 1979 by Cattley & Gilmore Engineering, Middleborough, Mass., being a petition plan to be filed with the Land Court to divide Parcel 2 as shown on Plan No. 28245A filed with Certificate N. 43569.

PARCEL II:

Beginning at the point described as the point of beginning in the parcel described above:

Thence, S 36°-51'-21" W, by land of J & J Ventures, Inc., a distance of 100.00 feet to a corner at the northerly sideline of West Grove Street;

Thence, N 53°-08'-39" W, by the northerly sideline of West Grove Street, a distance of 40.00 feet to a corner;

Thence, N 36°-51'-21" E, by land now or formerly of Magaletta et ux and Williams et ux, a distance of 350.00 feet to a concrete bound;

Thence, N 53°-08'-39" W, by remaining land of Palnon Realty Trust, a distance of 40.00 feet to a corner;

Thence S 36°-51'-21" W, by the parcel described above, a distance of 250.00 feet to the point of beginning.

Being shown as a 40 foot utility and access easement on the above described plan.

Parcel I is believed to be owned by Pat F. Nonni; R. & Edward F. Palladino, Trustees Palnon Realty Trust. For the title to Parcel I, see the deed of Nicholas Chroniak dated April 2, 1956 recorded in the Plymouth County Registry of Deeds in Book 2488, page 377.

Parcel II is believed to be owned by Pat F. Nonni; R. & Edward F. Palladino, Trustees Palnon Realty Trust. For the title to Parcel II, see the deed of Nicholas Chroniak dated April 2, 1956 recorded in the Plymouth County Registry of Deeds in Book 2488, Page 377, or act anything thereon.

ARTICLE 11: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the Treasury, by borrowing under the provisions of Chapter 44, Section 8 (5) or from Revenue Sharing Funds for the purpose of installing an 8" inch water main from the existing terminus on Plympton Street, up Brook Street to Soule Street to the Plympton town line, said installation to include the acquisition of necessary pipes, fittings, appurtenances and engineering expenses in connection therewith, and to provide for the assessment of betterments, or act anything thereon.

ARTICLE 12: To see if the Town will vote to authorize the Board of Selectmen, on behalf of the Town of Middleborough, to enter into an agreement with the Town of Plympton, on such terms as the Board of Selectmen may agree upon, for the purpose of supplying water to Plympton residents residing on Soule Street and Plympton Street between the Middleborough-Plympton town line and the intersection of Soule Street with Plympton Street and Prospect Road, all in accordance with the provisions of Chapter 40, Section 4A of the General Laws, as amended or act anything thereon.

TOWN CLERK

ARTICLE 13: To see if the Town will vote to accept Tispaquin Street from the corner of Plymouth Street and Tispaquin Street to the corner of Rocky Meadow Street and Tispaquin Street as layed out by the Board of Selectmen on March 24, 1980, together with any and all drainage easements in connection therewith, as and for a public way, said way is shown on a plan entitled "Proposed Layout of Tispaquin Street in Middleborough, Massachusetts", dated March 3, 1980, and drawn by Cattley and Gilmore Engineering, said plan being on file with the Town Clerk, and to authorize the Board of Selectmen to acquire for the Town any land or easements therein or in connection therewith necessary for said layout by gift, purchase, or eminent domain, and in connection therewith to raise and appropriate a sum of money by taxation, transfer from available funds in the Treasury, or from Revenue Sharing funds, and provide for the assessment of betterments, or act anything thereon.

(By Petition)

ARTICLE 14: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the Treasury, or from Revenue Sharing funds for the purpose of providing suitable headquarters for the William L. Sukeforth Disabled American Veterans in connection with a lease of such headquarters pursuant to General Laws, Chapter 40, Section 9, as amended, or act anything thereon.

ARTICLE 15: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the Treasury, from Revenue Sharing Funds or otherwise for the purpose of purchasing a heavy duty van with hydraulic lift for use by the Council on Aging, or act anything thereon.

ARTICLE 16: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the treasury, or from Revenue Sharing funds for the purpose of preparing plans and specifications for a Fire Station to be located in North Middleborough, or act anything thereon.

ARTICLE 17: To see if the Town will vote to authorize its Board of Selectmen to establish a Downtown Revitalization Committee and to raise and appropriate a sum not to exceed Five Hundred (\$500.00) Dollars to defray postage costs and other administrative expenses of such committee for the purpose of making applications for grants and other financial aid to the Town for downtown revitalization efforts, or to act anything thereon.

(By Petition)

ARTICLE 18: To see if the Town of Middleboro will vote to raise by taxation or revenue sharing the sum of one thousand five hundred dollars (\$1,500.00) to help support the Middleboro-Lakeville Community Counseling Center, or act anything thereon.

(By Petition)

ARTICLE 19: To see if the Town will vote to raise and appropriate a sum of money by taxation, transfer from available funds in the Treasury or from Revenue Sharing funds, for the purpose of the construction of a roadway and related appurtenances from Plympton Street to the Meeting House Swamp Well Site, or act anything thereon.

ARTICLE 20: To see if the Town will vote to raise and appropriate from Revenue Sharing Funds an amount of money necessary for the purpose of completing the reclaimed area project along the Nemasket River, or act anything thereon.

ARTICLE 21: To see if the Town will vote to authorize the Board of Selectmen to grant, sell and convey, on such terms and for such sum of money as the Board of Selectmen may determine, the Whistle House Building located at the corner of May and Vine Streets, Assessors Map U56, Lt 263, to the Middleborough Historical Society, Inc., and act anything thereon.

ARTICLE 22: To see if the Town will vote to authorize the Board of Selectmen acting in

TOWN CLERK

their capacity as Gas and Electric Commissioners to acquire the fee and all rights and easements by gift, purchase, and as to that portion of the hereinafter described premises situated in the Town of Middleborough by eminent domain as well, as the said Board of Selectmen shall determine is necessary for the purpose of constructing and maintaining electric transmission facilities for the Municipal Gas and Electric Department, in, over, under and through the following described land situated in said Middleborough and the Town of Bridgewater:

A strip of land fifty (50) feet in width and located on the northeasterly side of a line designated "Proposed R/W Line" on a plan consisting of 2 sheets and entitled "Middleborough Gas and Electric Department Right of Way and Profile Plan, Middleborough-Montaup Tap Through the Towns of Middleborough and Bridgewater" which plan is dated August 23, 1978 and recorded with Plymouth County Registry of Deeds as Plan Numbers 138 and 139 of 1979. Said strip of land is bounded as follows: Northwesternly by Titicut Street in said Bridgewater; southwesternly by said "Proposed R/W Line" as shown on said plan; easterly by the edge of the existing electric transmission line of the Town of Middleborough; and northeasterly by a line parallel with and fifty (50) feet northeasterly of said "Proposed R/W Line". Said plan is on file in the office of the Town Clerk.

And for this purpose including the payment of land damages, to appropriate a sum of money and raise the same by transfer from the depreciation, construction or operating cash accounts of the Municipal Gas and Electric Department, or act anything thereon.

ARTICLE 23: To see if the Town will vote to accept the provisions of General Laws, Chapter 148, Section 26C as amended which reads as follows:

Section 26C. In any city or town which accepts this section, apartment houses containing six or more dwelling units, hotels, boarding or lodging houses, or family hotels which are not regulated by sections twenty-six A and twenty-six B shall be equipped with an automatic smoke or heat detector in each dwelling unit and each hallway floor.

The head of the fire department as defined in section one shall enforce the provisions of this section.

These standards, if approved, will be the recognized standards for the Head of the Fire Department to follow when enforcing the Provisions of General Laws, Chapter 148, Section 26C, or act anything thereon.

ARTICLE 24: To see if the Town will vote to request the Board of Light Commissioners not to contract for any more electricity generated by nuclear power unless all other alternatives seem inadequate for the future safety of the citizens, or act anything thereon.

(By Petition)

ARTICLE 25: To see if the Town will vote to establish a policy of no salt on public roads and walkways except when absolutely necessary for the public safety, or act anything thereon.

(By Petition)

ARTICLE 26: To see if the Town will vote to adopt the following by-law: Section I. The annual report of the town shall include a list, by name and department, of all town employees, including school department personnel, showing the employees gross earnings from the town. The list shall include appointed and elected personnel, and the earnings shall be for the calendar year of the report.

SECTION II. The Town Treasurer shall prepared and transmit to the Town Manager the above information required to be included in the Town Report pursuant to Section I on or before the first day of February of each year for the calendar year preceding.

(By Petition)

ARTICLE 27: To see if the town will vote to amend the Zoning By-Law and the Zoning Map on file at the office of the Town Clerk, by extending the present General Use District southerly to include that area bounded by the Nemasket River to the west; and Fall Brook

TOWN CLERK

to the south and east, to the intersection with the present General Use District, or to act anything thereon.

ARTICLE 28: To see if the town will vote to amend the Zoning By-Laws as follows:

By adding the subsection 1. (permitted uses) of Part B (Business District) of Section IV (use regulations) the following:

“d. Multiple dwelling situated above the street level floors of buildings by special permit of the Zoning Board of Appeals to be obtained pursuant to the provisions of subsection C. of Section VII of these By-Laws.”

And by adding to Part G. (All Districts) of Section V (area regulations) the following:

“4. Henceforth the above area regulations numbered 1, 2 and 3 herein shall have no application to multiple dwellings situated above the street level floors of buildings in Business Districts as may be permitted by the Zoning Board of Appeals pursuant to the provisions of subsection C. of Section VII of these By-Laws,” or act anything thereon.

ARTICLE 29: To see if the town will vote to amend the Zoning By-Law and the Zoning Map on file at the office of the Town Clerk, by adding the following:

“Section IX

A. Purposes of the District:

- To protect public health, safety and welfare and to insure an adequate, safe water supply for present and future needs.
- To limit land uses and practices in designated Groundwater Recharge Areas that could lead to harmful contamination of surface and ground water supplies.
- To encourage water conservation practices in future growth and development planning that will maximize water recharge into groundwater aquifer areas and surface water supplies.

B. Definition:

1. For the purposes of this section, there are hereby established within the town certain Groundwater Recharge Areas which are delineated on a map at a scale of 1 inch to 2000 feet, entitled ‘Groundwater Recharge Areas, Town of Middleboro.’ This map is hereby made a part of this bylaw and is on file in the office of the Town Clerk.
2. The Groundwater Recharge Areas are superimposed on other zoning districts established in the town bylaws. All uses, dimensional requirements and other provisions of this bylaw applicable to such underlying areas shall remain in force and effect, except that where the Groundwater Recharge Area imposes greater or additional requirements and restrictions, such requirements and restrictions shall prevail.

C. Prohibited uses:

The following are prohibited as principal or an accessory use in a Groundwater Recharge Area. Where lawfully existing, such uses may be continued but not modified or enlarged unless by special permit pursuant to Section VII of the zoning bylaws:

1. Storage or disposal of herbicides, pesticides or hazardous chemicals in such a manner as to result in possible contamination of surface and groundwater supplies.
2. Junkyards, salvage yards, dumps or landfills.
3. Manufacturing or processing of herbicides, pesticides or hazardous toxic chemical substances.
4. Commercial facilities for the storage or treatment of hazardous toxic wastes.
5. Any manufacturing, processing or disposal of hazardous toxic solid waste, sludge, or wastewater through an onsite sub-surface disposal system.
6. Storage facilities for petroleum or refined petroleum products such as gasoline, solvents diesel fuel or light fuel oils unless such storage facilities are installed according to appropriate protective regulations. Such protective regulations may include but need not be limited to the use of concrete vaults, non-corrosive tanks

TOWN CLERK

and monitoring facilities,” or to act anything thereon.

Given under our hands at Middleborough, this 24th day of March, 1980 A.D.

George M. Ryder
Paul T. Anderson
Lawrence E. Carver
David F. Michael
Harold E. Tower, Jr.
Selectmen of Middleborough

Plymouth ss.

Pursuant to the instructions contained in the above warrant, I have notified and warned all the inhabitants of said Town of Middleborough, qualified to vote as expressed in said warrant, to meet at the time and place for the purpose specified by causing an attested copy of the same to be published in the Middleborough Gazette on the 17th day of April, 1980, that date being more than seven days before the time specified for said meeting.

Robert W. Whitaker, Constable
April 18, 1980

April 28, 1980

ANNUAL TOWN MEETING

The Annual Town meeting was called to order at 7:45 P.M. by Moderator Douglas Hale, who declared a quorum was present, in the Middleborough High School, Wayne M. Caron Auditorium.

The following resolution was read by George M. Ryder, Chairman of the Board of Selectmen

“A RESOLUTION”

The Town of Middleborough publicly thanks the following individuals who have served the Town on various Boards and Commissions and who have either resigned or retired from Public Service during the last year.

Walter D. Rudziak, Finance Committee
William Roberts, Planning Board
Francis Colosi, Jr., Planning Board
Douglas W. MacAulay, School Committee
Thomas A. Maddigan, Conservation Committee
Robert A. Boutin, Conservation Committee
Harold J. Donner, Business and Industrial Commission
Lorenzo Wood, Jr., Park Commission
Mary K. Callan, C. O. A. Director
Thomas A. Maddigan, Permanent Growth Study Committee
Charles D. Townsend, Historical Commission
James S. Rowley, Historical Commission

On motion duly made and seconded it was voted to consider no article after 10:30 P.M., that we finish action on the article on the floor at 10:30 P.M., and then adjourn the meeting until 7:30 P.M. on Tuesday, April 29, 1980 at this auditorium.

TOWN CLERK

April 29, 1980

Reconvened at 7:45 P.M. at which time Moderator Douglas A. Hale declared a quorum was present.

A motion duly made and seconded to consider no article after 10:30 P.M., that we finish action on the article on the floor at 10:30 P.M., and then adjourn the meeting until 7:30 P.M. on Thursday, May 1, 1980 at this auditorium was lost.

TOWN CLERK

On motion duly made and seconded it was voted to consider no article after 10:30 P.M., that we finish action on the article on the floor at 10:30 P.M., and then adjourn the meeting until 7:30 P.M. on Wednesday, April 30, 1980 at this auditorium.

ARTICLE 2: Voted to authorize the Town treasurer with the prior approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1980 in accordance with the provisions of General Laws, Chapter 44, Section 44, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Finance Committee recommends favorable action.

ARTICLE 3: Voted to raise and appropriate the sum of Two Hundred (\$200.00) dollars by taxation, all in accordance with the provisions of Sections 40 through 45 of Chapter 128 of the General Laws, said sum to be placed in a "County Extension Town Account," so called and expended by or at the direction of the Plymouth County Trustees for County Aid to Agriculture, and that Fred M. Freidenfeld be named as Town Director for one year.

Finance Committee recommends favorable action.

ARTICLE 4: Voted to transfer from the Income from the sales of gas and electricity, the sum of Ten Thousand Dollars (\$10,000.00) to the Town Hall Expenses Account, and, for the purpose of fixing the tax rate, the sum of Two Hundred Seventy Thousand Dollars (\$270,000.00) to the Assessors.

Finance Committee recommends favorable action.

ARTICLE 5: Voted to raise and appropriate the sum of Eight Thousand Dollars (\$8,000.00) by taxation, for the purpose of supplementing the Police radio replacement account established under Article 4 of the Warrant for the September 19th, 1977 Special Town Meeting.

Finance Committee recommends favorable action.

ARTICLE 6: Voted to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) from Revenue Sharing Funds for the purpose of continuing the Micro-Filming Program for Town Departments' records including acquisition of equipment and the purchase of services such sum to be added to the existing micro-filming account established under Article 14 of the Warrant for the 1977 Annual Town Meeting.

Finance Committee recommends favorable action.

ARTICLE 7: Voted to raise and appropriate the sum of Three Thousand Dollars (\$3,000.00) by taxation, for the purpose of paying Police Medical Expenses.

Finance Committee recommends favorable action.

ARTICLE 8: Voted to raise and appropriate by transfer from available funds in the treasury, the sum of Twenty Thousand Dollars (\$20,000.00) for the purpose of installing recommended heat and smoke detector equipment at the Middleborough Memorial Junior High School, complete with hookup to the main Fire Station.

Finance Committee recommends favorable action.

ARTICLE 9: Voted to raise and appropriate by taxation the sum of \$21,784.00 to meet the Town's share, and to transfer from available funds in the Treasury, in anticipation of reimbursement, the sum of \$65,348.00 as the State's share of the cost of work under Chapter 90, Section 34 (2a) of the General Laws, being funded by Chapter 480, Acts of 1979.

Finance Committee recommends favorable action.

TOWN CLERK

ARTICLE 10: Voted unanimously to authorize the Board of Selectmen to acquire by gift, purchase or eminent domain, under the provisions of General Laws, Chapter 79, for the purposes of supplying its inhabitants with water for the extinguishment of fires and for domestic or other purposes, including without limitation, the development and maintenance of a new water well site and water supply and for access to the well site, the fee and any and all rights and easements, or an easement or easements, in, over, under and through any portion or portions of the two parcels of land hereinafter described (the acquisition of the second parcel to include the further right to construct a road, erect utility poles or lay pipes for electric and telephone lines and to lay gas, water, sewage and drainage pipes thereon), and for these purposes, including without limitation, the payment of land damages, by transfer from available funds in the treasury, the sum of Eleven Thousand Seven Hundred Fifty Dollars (11,750.00). Said parcels of land are described as follows:

PARCEL I:

A certain parcel of land situated north of Taunton Street, northeasterly of West Grove Street (Route 28) and southeasterly of Route 44 in the Town of Middleborough, County of Plymouth, Commonwealth of Massachusetts, being more particularly bounded and described as follows:

Beginning at a point marking the northerly most corner of land of J & J Ventures, Inc., and the southerly most corner of the parcel herein described, said point being located N 36°-51'-21" E, a distance of 100.00 feet along the westerly boundary of said J & J Ventures, Inc. from a point on the northerly sideline of West Grove Street, said point also marking the southerly most corner of land owned by Palnon Realty Trust;

Thence, N 36°-51'-21" E, a distance of 525.00 feet to a corner;

Thence, N 9°-30'-04" E, a distance of 525.84 feet to a corner;

Thence, N 63°-54'-10" E, a distance of 370.53 feet to a point near a bound;

The last three courses by remaining land of Palnon Realty Trust;

Thence, continuing N 63°-54'-10" E, by land formerly of Gerald J. Kelleher, a distance of 379.47 feet to a stone bound;

Thence, S 34°-08'-59" E, by land of said Kelleher, a distance of 759.80 feet to a point near a disturbed stone bound;

Thence S 54°-21'-02" W, along land now or formerly of Donald B. Adams Construction Co., Inc., the end of Whittner Avenue, so called, land of Daniel H. Holmes, land of Patricia A. Seekell Trustees, land of Michael D. and Brenda L. Mason, and land of George A. and Gall M. Taylor, a distance of 1,162.51 feet to a corner;

Thence, S 17°-02'-50" E, by land of said Taylor, a distance of 64.11 feet to a concrete bound;

Thence, N 87°-55'-52" W, by land of Connolly Real Estate, Inc., a distance of 199.91 feet to a corner;

Thence, N 76°-17'-10" W, partially by said Connolly Real Estate, Inc. and partially by J & J Ventures, Inc., a distance of 387.15 feet to the point of beginning.

Containing 23.55 acres, more or less, and being shown as lot 3 on a plan entitled "Plan of the Taunton Street Municipal Well Site in Middleborough, Mass." dated September 19, 1979 by Cattley & Gilmore Engineering, Middleborough, Mass., being a petition plan to be filed with the Land Court to divide Parcel 2 as shown on Plan No. 28245A filed with Certificate N. 43569.

PARCEL II:

Beginning at the point described as the point of beginning in the parcel described above:

Thence, S 36°-51'-21" W, by land of J & J Ventures, Inc., a distance of 100.00 feet to a corner at the northerly sideline of West Grove Street;

Thence, N 53°-08'-39" W, by the northerly sideline of West Grove Street, a distance of 40.00 feet to a corner;

Thence, N 36°-51'-21" E, by land now or formerly of Magaletta et ux and William et ux, a distance of 350.00 feet to a concrete bound;

Thence, N 53°-08'-39" W, by remaining land of Palnon Realty Trust a distance of 40.00 feet to a corner;

Thence, S 36°-51'-21" W, by the parcel described above a distance of 250.00 feet to the point of beginning.

TOWN CLERK

Being shown as a 40 foot utility and access easement on the above described plan.

Parcel I is believed to be owned by Pat F. Nonni; R. & Edward F. Palladino, Trustees Palnon Realty Trust. For the title to Parcel I, see the deed of Nicholas Chroniak dated April 2, 1956 recorded in the Plymouth County Registry of Deeds in Book 2488, Page 377.

Parcel II is believed to be owned by Pat F. Nonni; R. & Edward F. Palladino Trustees Palnon Realty Trust. For the title to Parcel II, see the deed of Nicholas Chroniak dated April 2, 1956 recorded in the Plymouth County Registry of Deeds in Book 2488, Page 377.

Finance Committee recommends favorable action.

ARTICLE 11: A motion duly made and seconded to amend this article by deleting “the assessment of betterments’ was lost.

Voted to raise and appropriate the sum of One Hundred Four Thousand Dollars (\$104,000.00) from Revenue Sharing funds for the purpose of installing an 8” inch water main from the existing terminus on Plympton Street, up Brook Street to Soule Street to the Plympton town line, said installation to include the acquisition of necessary pipes, fittings, appurtenances and engineering expenses in connection therewith, and to provide for the assessment of betterments.

Finance Committee recommends favorable action.

ARTICLE 12: Voted to authorize the Board of Selectmen, on behalf of the Town of Middleborough, to enter into an agreement with the Town of Plympton, on such terms as the Board of Selectmen may agree upon, for the purpose of supplying water to Plympton residents residing on Soule Street and Plympton Street between the Middleborough-Plympton town line and the intersection of Soule Street with Plympton Street and Prospect Road, all in accordance with the provisions of Chapter 40, Section 4A of the General Laws, as amended.

Finance Committee recommends favorable action.

ARTICLE 13: Voted unanimously to accept Tispaquin Street from the corner of Plymouth Street and Tispaquin Street to the Corner of Rocky Meadow Street and Tispaquin Street as layed out by the Board of Selectmen on March 24, 1980, together with any and all drainage easements in connection therewith, as and for a public way, said way is shown on a plan entitled “Proposed Layout of Tispaquin Street in Middleborough, Massachusetts”, dated March 3, 1980, and drawn by Cattley and Gilmore Engineering, said plan being on file with the Town Clerk, and to authorize the Board of Selectmen to acquire for the Town any land or easements therein or in connection therewith necessary for said layout by gift, purchase, or eminent domain, and in connection therewith to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000.00) from Revenue Sharing funds, and provide for the assessment of betterments.

Finance Committee recommends favorable action.

ARTICLE 14: Voted unanimously to table this article.

ARTICLE 15: Voted to raise and appropriate the sum of Fourteen Thousand Dollars (\$14,000.00) from Revenue Sharing Funds for the purpose of purchasing a heavy duty van with hydraulic lift for use by the Council on Aging.

Finance Committee recommends favorable action.

Action 16: Voted to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) from Revenue Sharing funds for the purpose of preparing plans and specifications for a Fire Station to be located in North Middleborough.

Finance Committee recommends favorable action.

ARTICLE 17: Voted to authorize the Board of Selectmen to establish a Downtown Revitali-

TOWN CLERK

zation Committee and to raise and appropriate a sum not to exceed Five Hundred (\$500.00) Dollars by taxation to defray postage costs and other administrative expenses of such committee for the purpose of making applications for grants and other financial aid to the Town for downtown revitalization efforts.

ARTICLE 18: Voted to raise and appropriate from revenue sharing funds the sum of one thousand five hundred dollars (\$1,500.00) to help support the Middleborough-Lakeville Community Counseling Center.

Finance Committee recommends favorable action.

ARTICLE 19: Voted to raise and appropriate the sum of One Thousand Eight Hundred Dollars from Revenue Sharing funds, for the purpose of the construction of a roadway and related appurtenances from Plympton Street to the Meeting House Swamp Well Site.

Finance Committee recommends favorable action.

ARTICLE 20: Voted to raise and appropriate from Revenue Sharing Funds the sum of Ten Thousand Three Hundred Sixty One Dollars and Fifty Cents (\$10,361.50) for the purpose of completing the reclaimed area project along the Nemasket River.

Finance Committee recommends favorable action.

ARTICLE 21: On motion duly made and seconded it was voted to amend the name of the Middleborough Historical Society Inc. to the Middleborough Historical Association.

Voted to authorize the Board of Selectmen to grant, sell and convey, on such terms and for such sum of money as the Board of Selectmen may determine, the Whistle House Building located at the corner of May and Vine Streets, Assessors Map U56, Lot 263, to the Middleborough Historical Association.

Voted unanimously to transfer the sum of \$650,000.00 from free cash for the use of the Assessors in fixing the Fiscal Year 81 tax rate.

Voted by a counted voted of Yes 262 - No. 5 to increase the School appropriation limit established by Chapter 151 of the Acts of 1979 by \$183,055.00 so that the appropriation limit as so increased will be \$5,914,051.00.

Voted by a counted votes of Yes 263 - No 5 to increase the appropriations limit established by Chapter 151 of the Acts of 1979 by \$2,968,167.53 so that the appropriations limit as so increased will be \$12,539,283.89.

Voted by a counted vote of Yes 256 - No 4 to increase the levy limit established by Chapter 151 of the Acts of 1979, by not more than \$1,361,393.93 so that the levy limit as so increased will not be more than \$11,461,103.36.

Voted unanimously to exempt \$484,942.00 of free cash from the provisions of Section 12A of Chapter 151 of the Acts of 1979 and that such free cash not be utilized for the purpose of reducing the property tax levy for fiscal 1981.

Chairman of the Finance Committee, David MacNayr, thanked all the individuals and the Town Meeting for their patience, understanding, and help through this difficult tax cap cycle.

ARTICLE 22: Voted unanimously to authorize the Board of Selectmen acting in their capacity as Gas and Electric Commissioners to acquire the fee and all rights and easements by gift, purchase, and as to that portion of the hereinafter described premises situated in the Town of Middleborough by eminent domain as well, as the said Board of Selectmen shall determine is necessary for the purpose of constructing and maintaining electric transmission facilities for the Municipal Gas and Electric Department, in, over, under and through the following described land situated in said Middleborough and the Town of Bridgewater.

TOWN CLERK

A strip of land fifty (50) feet in width and located on the northeasterly side of a line designated "Proposed R/W Line" on a plan consisting of 2 sheets and entitled "Middleborough Gas and Electric Department Right of Way and Profile Plan, Middleborough-Montaup Tap Through the Towns of Middleborough and Bridgewater" which plan is dated August 23, 1978 and recorded with Plymouth County Registry of Deeds as Plan Numbers 138 and 139 of 1979. Said strip of land is bounded as follows: Northwesterly by Titicut Street in said Bridgewater; southwesterly by said "Proposed R/W Line" as shown on said plan; easterly by the edge of the existing electric transmission line of the Town of Middleborough; and north-easterly by a line parallel with and fifty (50) feet northeasterly of said "Proposed R/W Line". Said plan is on file in the office of the Town Clerk.

And for this purpose including the payment of land damages, to appropriate by transfer from the operating cash account of the Municipal Gas and Electric Department, the sum of \$20,000.00.

Finance Committee recommends favorable action.

ARTICLE 23: Voted to accept the provisions of General Laws, Chapter 148, Section 26C as amended which reads as follows:

Section 26C. In any city or town which accepts this section, apartment houses containing six or more dwelling units, hotels, boarding or lodging houses, or family hotels which are not regulated by sections twenty-six A and twenty-six B shall be equipped with an automatic smoke or heat detector in each dwelling unit and each hallway floor.

The head of the fire department as defined in section one shall enforce the provisions of this section.

These standards, if approved, will be the recognized standards for the Head of the Fire Department to follow when enforcing the Provisions of General Laws, Chapter 148, Section 26C.

ARTICLE 24: A motion duly made and seconded to request the Board of Light Commissioners not to contract for any more electricity generated by nuclear power unless all other alternatives seem inadequate for the future safety of the citizens was lost.

ARTICLE 25: A motion duly made and seconded to establish a policy of no salt on public roads and walkways except when absolutely necessary for the public safety was lost.

ARTICLE 26: A motion duly made and seconded to adopt the following by-law:
Section I. The annual report of the town shall include a list, by name and department, of all town employees, including school department personnel, showing the employees gross earnings from the town. The list shall include appointed and elected personnel, and the earnings shall be for the calendar year of the report.

Section II. The Town Treasurer shall prepare and transmit to the Town Manager the above information required to be included in the Town Report pursuant to Section I on or before the first day of February of each year for the calendar year preceding was lost.

ARTICLE 27: The following report was read by John Moore, Chairman, Planning Board:

Following a hearing on April 17, 1980 the Planning Board voted to recommend favorable action on this zoning proposal to extend the General Use District. It was felt that there was a reasonable measure which would allow a fuller utilization of the land resources in this area. The conservation lands in this area would not be affected by this extension of the general use district nor would there be significant environmental side affects resulting from this change.

Voted on a counted vote of Yes 182 - No 4 to amend the Zoning By-Law and the Zoning Map on file at the office of the Town Clerk, by extending the present General Use District southerly to include that area bounded by the Nemasket River to the west; and Fall Brook to the south and east, to the intersection with the present General Use District.

TOWN CLERK

Chamber of Commerce and Business and Industrial Committees recommend favorable action.

ARTICLE 28: Voted that article 28 be referred for further study to the Board of Appeals and the Downtown Revitalization Committee which board and committee shall report the results of their study together with any recommendations at the next special or annual town meeting, whichever shall occur first.

Growth Study Committee recommends unfavorable action.

The following report was read by John Moore, Chairman of the Planning Board:

Following a hearing on April 24, 1980, the Planning Board voted to recommend favorable action on the "Groundwater Recharge Area" zoning proposal. It was felt that this measure clearly and rightfully prohibits uses and practices which could result in contamination of our water supplies.

Water is becoming an increasingly valuable resource in Southeastern Massachusetts. In the past, good quality water was abundant and easily obtainable. Today, plentiful supplies of good quality water can not be taken for granted. Middleboro draws its water from shallow aquifers, that is layers of sand and gravel that hold water in the spaces between the particles. Pollution of groundwater supplies, once it occurs, can be disastrous because the pollutant disperses throughout the entire aquifer. The area affected can extend deep underground over an area of several square miles. In addition, the rate at which this groundwater flows can be so slow that the contamination can last for years. Pollution in a stream is bad but pollution of groundwater is worse. This By-Law creates a "Groundwater Recharge Area" through an overlay district. This is to say, that this new district overlays all existing zoning districts and does not constitute a rezoning of the town or require re-drawing of present district boundaries. The purpose of the overlay zone is to add restrictions above and beyond those already contained in the town zoning by-laws. These restrictions would apply only in the areas designated on the map.

This measure constitutes the heart of a locally initiated effort to comprehensively provide for the protection of municipal sources of water supply. The by-law proposed here is directed primarily at controlling the most serious possible threats to the water supply. These threats include things like improper pesticide storage, improper underground petroleum storage, junkyards, manufacturing of toxic chemicals, hazardous wastes dumps, and improper waste disposal. An accident resulting from any one of the sources could permanently destroy a water supply.

One of the virtues of this article lies in its simplicity. This article tries to identify really for the first time, those areas that yield the majority of our water supply. Then it has prohibited six clearly hazardous uses that could result in catastrophic contamination of our water supply. It is a statement of where our water comes from and a prohibition of the major potential threats to it.

By its nature, this zoning provision is a preventative measure. It will have little effect on existing development within the district. For owners of undeveloped land within the district, their ability to use their land will not in general be significantly altered. Only the most obvious incompatible uses are prohibited. Normal residential development would not be effected.

The Planning Board feels that there is a need to move quickly and forcefully on a local level to protect water supplies. Experience has shown that a dependence on distant anonymous agencies at the State and Federal level has often resulted in regulations that was ineffectively administered and that was unresponsive to local needs. The Planning Board believes that there is a need for continuing public awareness of environmental issues; as well as a need for other kinds of regulatory controls above and beyond the rudimentary scope of this article. However, it is the unanimous consensus of the Planning Board that this zoning

TOWN CLERK

proposal is an appropriate, necessary, and enforceable measure that would safeguard one of the town's most valuable assets.

ARTICLE 29: a motion duly made and seconded to amend the Zoning By-Law and the Zoning Map on file at the office of the Town Clerk, by adding the following:

“Section IX

A. Purposes of the District:

- To protect public health, safety and welfare and to insure an adequate, safe water supply for present and future needs.
- To limit land uses and practices in designated Groundwater Recharge Areas that could lead to harmful contamination of surface and groundwater supplies.
- To encourage water conservation practices in future growth and development planning that will maximize water recharge into groundwater aquifer areas and surface water supplies.

B. Definition:

1. For the purposes of this section, there are hereby established within the town certain Groundwater Recharge Areas which are delineated on a map at a scale of 1 inch to 2000 feet, entitled ‘Groundwater Recharge Areas, Town of Middleboro.’ This map is hereby made a part of this bylaw and is on file in the office of the Town Clerk.
2. The Groundwater Recharge Areas are superimposed on other zoning districts established in the town bylaws. All uses, dimensional requirements and other provisions of this bylaw applicable to such underlying areas shall remain in force and effect, except that where the Groundwater Recharge Area imposes greater or additional requirements and restrictions, such requirements and restrictions shall prevail.

C. Prohibited uses:

The following are prohibited as principal or an accessory use in a Groundwater Recharge Area. Where lawfully existing, such uses may be continued but not modified or enlarged unless by special permit pursuant to Section VII of the zoning bylaws:

1. Storage or disposal of herbicides, pesticides or hazardous chemicals in such a manner as to result in possible contamination of surface and groundwater supplies.
2. Junkyards, salvage yards, dumps or landfills.
3. Manufacturing or processing of herbicides, pesticides or hazardous toxic chemical substances.
4. Commercial facilities for the storage or treatment of hazardous toxic wastes.
5. Any manufacturing, processing or disposal of hazardous toxic solid waste, sludge or wastewater through an onsite sub-surface disposal system.
6. Storage facilities for petroleum or refined petroleum products such as gasoline, solvents diesel fuel or light fuel oils unless such storage facilities are installed according to appropriate protective regulations. Such protective regulations may include but need not be limited to the use of concrete vaults, non-corrosive tanks and monitoring facilities,” was lost by a counted vote of Yes 45 - No 101 - 26 Abstentions.

Voted to dissolve the meeting at 10:20 P.M.

Signed,

Ruth E. Caswell
Town Clerk

TOWN CLERK

Commonwealth of Massachusetts

Michael Joseph Connolly, Secretary

WARRANT FOR STATE PRIMARY

Plymouth ss:

To either of the Constables of the Town of Middleborough:

WARRANT FOR SPECIAL TOWN MEETING

Middleborough, Massachusetts

To Robert W. Whitaker or either of the Constables of the Town of Middleborough:

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn all the inhabitants of said town; qualified to vote in town affairs, to meet in the Middleborough High School, Wayne M. Caron Auditorium on Monday, October 6, 1980 at 7:30 P.M. to act on the following articles'

ARTICLE 1: To see if the Town will vote to authorize and approve an agreement on file in

TOWN CLERK

the office of the Town Clerk by and between the Town and the Town of Plympton which agreement provides for the supply of water to certain residential Properties in the Town of Plympton, and to raise and appropriate a sum of money from available funds in the treasury, or from Revenue Sharing Funds for the purpose of carrying out the Town's obligations set forth in said agreement, or act anything thereon.

ARTICLE 2: To see if the Town will vote to raise and appropriate from available funds in the Treasury from Revenue Sharing funds, or by borrowing under the provisions of Chapter 44, Section 8 of the General Laws, a sum of money to supplement the Redlon Well Site Account, so called voted under Article 18 of the reconvened session of the 1977 Annual Town Meeting held May 3, 1977, or act anything thereon.

ARTICLE 3: To see if the Town will vote to raise and appropriate by transfer from available funds in the Treasury, or from Revenue Sharing Funds, a sum of money for the purpose of installing a 10 inch water main with necessary appurtenances from Everett Street to the Redlon Well Site, so called, or act anything thereon.

ARTICLE 4: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury, or from Revenue Sharing Funds for the purpose of purchasing computer equipment, necessary hard and soft ware, and related programming and maintenance services to be used in the offices of the Town Clerk and Accountant, Treasurer and Collector, and Water Department, or act anything thereon.

ARTICLE 5: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury, or from Revenue Sharing Funds for the purpose of purchasing a Cab and Chassis for the Sanitation Division, or act anything thereon.

ARTICLE 6: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury, or from Revenue Sharing Funds for the purpose of hiring a Planning Consultant to apply for grant money to revitalize the Down Town Area, and further to authorize and require the return of said sum of money to the appropriate account, if not encumbered, within a nine month period from the date of appropriation, or act anything thereon.

ARTICLE 7: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Dog Division Painting Interior Account, or act anything thereon.

ARTICLE 8: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Unclassified Ambulance Account, or act anything thereon.

ARTICLE 9: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Highway Snow Removal Account, or act anything thereon.

ARTICLE 10: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Highway Sidewalk Account, or act anything thereon.

ARTICLE 11: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Highway Drainage Account, or act anything thereon.

ARTICLE 12: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Sanitation Landfill Operations Account, or act anything thereon.

ARTICLE 13: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Sanitation Landfill Operations Account, or act anything thereon.

TOWN CLERK

menting the Unclassified Insurance Account, or act anything thereon.

ARTICLE 14: To see if the Town will vote to raise and appropriate a sum of money from available funds in the Treasury or from Revenue Sharing Funds for the purpose of supplementing the Selectmen's Engineering Account, or act anything thereon.

ARTICLE 15: To see if the Town will vote to raise and appropriate by transfer from available funds in the Treasury or from Revenue Sharing Funds, a sum of money for the purpose of supplementing salary accounts for the members of the Police Department, Fire Department, Department of Public Works and various other officers and employees from and including July 1, 1980 or act anything thereon.

ARTICLE 16: To hear the report of any Committee or Office of the Town, to appoint any Committee or take any action relative thereto.

Given under our hands at Middleborough, this 15th day of September 1980 A.D.

George M. Ryder
Paul T. Anderson
Lawrence E. Carver
David F. Michael
Harold E. Tower, Jr.
Selectmen of Middleborough

Plymouth ss:

Pursuant to the instructions contained in the above warrant, I have notified and warned all the inhabitants of said Town of Middleborough, qualified to vote as expressed in said warrant, to meet at the time and place for the purpose specified by causing an attested copy of the same to be published in the Middleborough Gazette on the 18th day of September 1980, that date being more than fourteen days before the time specified for said meeting.

Robert W. Whitaker, Constable

October 6, 1980

SPECIAL TOWN MEETING

The Special Town Meeting was called to order at 7:50 P.M. by Moderator, Douglas Hale who declared a quorum was present in the Middleborough High School, Wayne M. Caron Auditorium.

ARTICLE 1: Voted unanimously to authorize and approve an agreement executed by the Board of Selectmen of the Town of Middleborough, by and between the Town and the Town of Plympton, subject to the execution of the same by the Board of Selectmen of the Town of Plympton, which agreement provides for the supply of water to certain residential properties in the Town of Plympton, and to raise and appropriate the sum of Twenty Six Thousand Dollars (\$26,000.00) from Revenue Sharing Funds for the purpose of carrying out the Town's obligations set forth in said agreement.

Finance Committee recommends favorable action.

ARTICLE 2: Voted unanimously to raise and appropriate from Revenue Sharing Funds, the sum of Forty Thousand Dollars (\$40,000.00) to supplement the Redlon Well Site Account, so called voted under Article 18 of the reconvened session of the 1977 Annual Town Meeting held May 3, 1977.

Finance Committee recommends favorable action.

TOWN CLERK

ARTICLE 3: Voted unanimously to raise and appropriate from Revenue Sharing Funds, the sum of Seventy Five Thousand Dollars (\$75,000.00) for the purpose of installing a 10 inch water main with necessary appurtenances from Everett Street to the Redlon Well Site, so called.

Finance Committee recommends favorable action.

To cast their votes in the State Election for the election of candidates for the following offices:

Electors of President and Vice President	Commonwealth of Massachusetts
Representative in Congress	Tenth Congressional District
Councillor	First Councillor District
Senator in General Court	Second Plymouth Senatorial District
Representative in General Court	Second Plymouth Representative District
(2) County Commissioners	Plymouth County
Sheriff	Plymouth County

TOWN CLERK

Ballot Questions

Question 1

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on September 7, 1977, by a vote of 262-1, and on May 28, 1980, by a vote of 192-0?

Yes

No

SUMMARY

The proposed amendment would add a new article to the state Constitution which would prohibit discrimination against handicapped people. It would provide that no otherwise qualified handicapped individual could, on the sole basis of that handicap, be excluded from participation in, denied the benefits of, or subjected to discrimination in any program or activity.

Question 2

Law Proposed by Initiative Petition

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1980, by a vote of 5-146, and on which no vote was taken by the Senate before May 7, 1980?

Yes

No

Summary

The proposed law would limit certain taxes, and change laws relating to school budgets and compulsory binding arbitration. It would impose a limit on state and local taxes on real estate and personal property equal to 2½% of the full and fair cash value of the property being taxed. If a locality currently imposes a tax greater than 2½% of that cash value, the tax would have to be decreased by 15% each year until the 2½% level is reached. If a locality currently imposes a tax of less than 2½% it would not be allowed to increase the tax rate. In either situation, a city or town could raise its limit by a 2/3 local vote at a general election.

The proposed law would provide that the total taxes on real estate and personal property imposed by the state or by localities could never be increased by more than 2½% of the total taxes imposed for the preceding year, unless two thirds of the voters agreed to the increase at a general election.

It would further provide that no law or regulation which imposes additional costs on a city or town, or a law granting or increasing tax exemptions, would be effective unless the state agrees to assume the added cost. A division of the State Auditor's Department would determine the financial effect of laws and regulations on the various localities.

The proposal would limit the amount of money required to be appropriated for public schools to that amount voted upon by the local appropriating authority. It would also repeal the law which provides for compulsory binding arbitration when labor negotiations concerning police and fire personnel came to an impasse. In addition, the petition would provide that no county, district, or authority could impose any annual increase in costs on a locality of greater than 4% of the total of the year before.

The proposed law would also reduce the maximum excise tax rate on motor vehicles from \$66 per thousand to \$25 per thousand, and it would allow a state income tax deduction equal to one half of the rent paid for the taxpayer's principal place of residence.

Question 3

Law Proposed by Initiative Petition

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1980, by a vote of 2-147, and on which no vote was taken by the Senate before May 7, 1980?

Yes

No

TOWN CLERK

Summary

The proposed law would limit local property taxes and state taxes and would provide for increased state aid for local educational purposes.

The act would limit local property taxes in the years 1981 through 1984 to the amount levied in the previous year increased by the percentage increase in personal income of the residents of the Commonwealth during the previous year. The local property tax limit could be exceeded to offset decreases in local aid, to cover shortages for prior years and to pay court judgments. Pension and retirement allowances, payments to other governmental units, principal and interest on any indebtedness, unemployment compensation, amounts required to be raised as a condition of a state or federal grant, and costs for special education programs would be excluded from the property tax limit.

These local limits would be reduced by any excess taxes actually collected over the tax limit for the preceding year. The limit would not apply to any municipality having a general tax rate of less than \$35 per thousand of equalized valuation. The tax limit could be exceeded by a two-thirds vote of the local appropriating body.

The cost of regional and independent vocational schools would be subject to the same limitations.

The proposed law would also limit state taxes imposed in the years 1981 through 1984 to an amount no greater than that imposed the previous year. Increased by the percentage increase in the personal income of Massachusetts residents in the previous year. This state tax limit could be exceeded only to increase local aid or to assume other costs approved by a two-thirds vote of the state legislature. The amounts necessary to pay principal and interest on state indebtedness, pensions, retirement allowances, unemployment compensation, and court judgments, and money required to be raised as a condition of a federal grant would not be subject to the state tax limit. The total amount of local aid for any year which would be subject to legislative appropriation could not be less than the total amount of aid for the preceding year increased by half the increase in collected state taxes during that preceding year. The state tax limit would be reduced by any excess taxes actually collected over the tax limit for the preceding year.

The proposed law also would require, subject to legislative appropriation, a gradual increase in the percentage of local educational costs paid by the Commonwealth to a level of 50% in 1984. The proposal would also require, again subject to legislative appropriation, that school aid paid by the Commonwealth in any year between 1981 through 1984 must be at least 15% greater than that provided in 1980.

Question 4

Referendum on an Existing Law

Do you approve of a law summarized below, which was approved by the House of Representatives on November 1, 1979, by a vote of 83-62, and which was approved by the Senate on November 1, 1979?

Yes

No

Summary

The law provides for increases in the salaries of members of the legislature and the constitutional officers of the Commonwealth.

The law increases salaries of members of the legislature by an annual amount varying from \$1,853 to \$17,923. The size of the raise conferred on a particular individual depends upon his position within the legislature. The law has the effect of setting the base salary for a legislator at \$20,335, but under the law legislative salaries range as high as the approximately \$55,920 paid to the President of the Senate and the Speaker of the House of Representatives.

The salaries of the constitutional officers are increased either by \$20,000, in the case of the Governor, of \$10,000 in all other cases. The law raises the annual salary of the Governor to \$60,000, that of the Attorney General to \$47,500, and the salaries of the Lieutenant Governor, Secretary of the Commonwealth, Treasurer and Receiver General, and the Auditor to \$40,000.

The law also amends the statutes pertaining to the organization of the offices of the Secretaries of Administration and Finance and of Human Services and to the compensation of senior officials within those offices. It gives the Secretaries of Administration and Finance and of Human Services greater flexibility in establishing positions and setting salaries for those under their supervision.

TOWN CLERK

Question 5

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on November 30, 1977, by a vote of 257-8, and on September 18, 1980, by a vote of 179-6?

Yes

No

Summary

The proposed amendment would limit the power of the legislature to impose certain costs on cities and town. It would provide that any law which imposes additional costs upon two or more cities or towns by regulating the compensation, hours, status, conditions, or benefits of municipal employment would not be effective within a municipality until it accepts the law by vote or appropriation of money. Local acceptance would not be required if the legislature either passed the law by a two-thirds vote, or provided, during the same session in which the law was enacted, that the additional costs would be assumed by the Commonwealth.

Question 6

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below which was approved by the General Court in joint sessions of the House of Representatives and the Senate on September 7, 1977, by a vote of 264-0, and on September 19, 1980, by a vote of 162-0?

Yes

No

Summary

The proposed amendment would change the procedure by which the Legislature declares a measure to be an emergency law, making it effective when it is signed by the Governor. The amendment would allow the Legislature to make such a declaration by a voice vote, rather than by a recorded vote, as now required. The amendment would maintain the existing option allowing for a formal roll call vote.

The polls will be open from 8 a.m. to 8 p.m.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this 20th day of October, A.D. 1980.

Selectmen of Middleborough

A true copy attest

Ruth E. Caswell
Town Clerk

Pursuant to the instructions contained in the above warrant, I have notified and warned all the inhabitants of said Town of Middleborough, qualified to vote as expressed in said warrant, to meet at the time and place for the purpose specified, by causing an attested copy of the same to be published in the Middleborough Gazette on the 23rd day of October 1980, that date being more than seven days before the time specified for said meeting.

Robert W. Whitaker
Constable
October 24, 1980

FINANCIAL REPORTS

REPORT OF THE BOARD OF ASSESSORS

TO THE PEOPLE OF MIDDLEBOROUGH:

This year the Board of Assessors, under the Bureau of Local Assessment, Department of Revenue, Commonwealth of Massachusetts, will be placing full and fair market value, or revaluation for fiscal year 1982.

There are four classes of real property and personal property - class one, residential - class two, open space - class three commercial - class four, industrial, and personal property. The Bureau of Local Assessment will conduct appraisals of residential land and sales appraisals of representative commercial and industrial properties for comparison to verify the accuracy of the Board of Assessors' classes of property and assessment practices. The Board of Assessors will also be required to be qualified to classify its property by attending training sessions, which will be conducted by the Department of Revenue. The Middleboro Board of Assessors has qualified under Chapter 59, Section 2A of the General Laws as of January 20, 1981.

The technical difficulties in implementing revaluation, classification and Proposition 2½ will be very difficult. It is my hope that the "People of Middleboro" will bear with the Board of Assessors and its' capable office staff in implementing all of the statutory changes. Without our experienced Board members and office staff, the tasks would be insurmountable. Also the Board would like to thank the Town Clerk and Accountant, Ruth Caswell, the Town Manager, Anders Martenson, Jr. and other elected and appointed officials for their continued cooperation. As in years past, I am very appreciative of you, the people of Middleboro for your continued support.

As a footnote and something to think about, with the inflation rate continuing to climb, the tax rate in Middleboro was \$92.00 in fiscal 1976 and is \$94.00 in fiscal 1981.

Signed,

Allen D. Demers, Chairman
Middleboro Board of Assessors

REPORT OF THE DEPARTMENT OF PUBLIC WORKS

To the Honorable Board of Selectmen
Town of Middleborough, Massachusetts

Gentlemen:

I hereby submit the annual report of the Dept. of Public Works for the year ending December 31, 1980.

The department continued the sidewalk reconstruction program on Center, North Main, South Main and Wareham Streets. This work will resume in the spring.

Drainage systems were constructed at Arlington St., Clark St. East, Lane St., Tispaquin St., Taunton Street and Sumner Avenue. Old Stone rubble culverts were reconstructed at Vaughn and Chestnut Streets. A dike and flume were constructed on the outlet to the drainage pond off Plymouth St.

Type I Bituminous concrete surfaces were put on Clark St. East and Wareham St.

Liquid bituminous asphalt and sand seal coats were put on Spruce St. and sections of Vaughn and Walnut Streets.

Sections of Vaughn, Walnut, Wood, Plymouth and West Streets were resurfaced with Type I mix put through the recently purchased tow-paver.

Tispaquin St. from Plymouth St. to Rocky Meadow St. was accepted at town meeting and funds appropriated for the layout and construction of the roadway. The layout was made, drainage installed and graded to sub-base grade. The surface will be constructed next spring.

The driveways into the East Grove St. and East Main St. pumping stations were resurfaced with Type I mix and put down with the tow-paver. The road into the well site in Meeting House Swamp was constructed and the surface will be finished as soon as weather conditions permit.

The new well site area off Cross St. located on the former Redlon property was graded and a dirt road constructed to enable equipment to enter from Cross St. The work has been started on the construction of the well.

A mini park has been under construction off Wood St. The area has been cleared of stumps, slopes graded and fill brought in from time to time. The progress has been slow due to funding. We have used surplus or donated material, when it is available.

Water main extensions were constructed on West Grove St., Plympton St., Brook St., Soule St., and into Plympton on Prospect St.

The traffic lines on Clay, Pleasant, Highland, Plymouth, Wood, Thomas, Everett, Murdock, Miller, Cushman, Vernon, Bridge, Vaughn, Perry, Stone Streets and Long Point Road were painted with Federally funded pavement marking program under the supervision of the Comm. of Mass. Dist. 7 DPW office.

The maintenance work at Oliver Mill Park was done by a few young CETA workers and some members of the DPW. This work consisted of mowing the grass, pulling weeds from the river, picking up trash, painting the foot bridges and picnic tables. Mike Mecke repaired the wood sluiceway, bridges, tables etc.

Roland Robbins was hired to clear the river bottom and repair the retaining walls. He hired a man and a backhoe operator to do this work with him.

SERVICES AND UTILITIES

Three local youths were hired to work under the supervision of the Plymouth County Mosquito Control with Harold DeMoranville who passed the CORE exam for spraying. They cleaned out drainage ditches off Plympton, Plymouth, Miller, Spruce, Smith, Cross, Vernon, Precinct, Brook Streets and in back of Moskoff's Market. They also placed ALTOSI larvae pellets in all surface drainage catch basins.

Barnes Tree Service trimmed dead and low hanging branches along the utility lines under the supervision of the Electric Light Department. There were the usual amount of dead trees removed along with the diseased elms.

The Recycling Center is still in operation at the parking lot on Jackson St. behind the Police Station. The attendant's building had to be replaced as "Santa" took his building back to Center St. for his use.

The Peirce Trustees purchased trees for the department that were planted for the residents as requested. There were 40 pink dogwood, 2 pin oak and 100 red maple trees planted.

The Trustees also purchased an Asphalt Hot Patcher which mounts into a drump truck body. It is hydraulically operated and is heated. This piece of equipment will make hot mix patching of roads in the cold weather months possible. I wish to thank the Trustees for their generosity and public interest.

Respectfully submitted,

Weldon A. Thomas
D.P.W. Superintendent

SERVICES AND UTILITIES

REPORT OF THE WATER DIVISION — 1980

The East Main No. 1 Well was cleaned and rejuvenated this year. A new pump and column was installed, the motor reconditioned, right angle drive rebuilt and reconditioned. It now produces about 330 G.P.M. and seems to be functioning well at present. Due to vandalism we have been asked to install burglar alarms and fences at East Main No. 1 and No. 2 Wells. These have been vandalized several times during the last year. Hopefully this work will be completed this year.

The Highway Division spent considerable time repairing and resurfacing the roads into East Main Street, East Grove Street and Meetinghouse Swamp Wells. They are now in good shape. The Water Division would like to thank them for their work and efforts as these improvements will make accessibility to the wells much easier for us.

There are eight stations to be maintained and operated by the pumping station crew; East Grove Street and the sand filter complex, East Main No. 1, East Main No. 2, Meetinghouse Well, Tispaquin Well, Miller Street Well, Rock No. 1, and Rock No. 2 Well. At present the new Cross Street Well is being built and expected to go on line in 1981. The pumping station crew is still doing the daily operational check and maintenance for the three wastewater stations.

In the distribution system there have been three exptensions this year. The first was an extension to the State Salt Barn on East Grove Street. This involved about 410 feet of 12 inch main and about 580 feet of 8 inch water main for the total of about 990 feet. This included two hydrant assemblies and a water service in to the salt shed.

The second was a short extension on Clark Street East, about 360 feet of 10 inch main and one hydrant assembly. This was to service MacDonald's restuarant. A service for them was added by the contractor.

The third and largest extension consisted of about 9,800 feet of 8 inch main. The extension started at the intersection of Plympton and Carmel Streets on Plympton Street to the Plympton Town Line, continuing on Prospect Street to Soule Street in Plympton, Mass. Then proceeding down Soule Street through Plympton back into Middleborough and ending at the culvert near Bernier's on Soule Street in Middleborough. The section of Brook Street between Plympton Street and Soule Street was tied into the extension. This main was run to provide water to area residents because of a supposed Land-fill problem and well problems in the area. Fourteen hydrants were added to the system for fire protection. Eight or nine customers have already tied into the system.

Respectfully submitted,

Stuart T. Peak, Jr.
Water Superintendent

STATISTICS RELATING TO DISTRIBUTION SYSTEM 1980

1. Kinds of Pipe - Cast Iron, Wrought, Iron, Asbestos Cement	
2. Sizes — one inch to sixteen inches	
3. Extended during year (feet)	11,217
4. Total now in use (miles)	83.20
5. Length of pipe less than 4 inches in diameter (miles)	2,965
6. Number of hydrants now in use	542
7. Number of blow-offs	32
8. Range of pressure in mains	84 - 132
9. Number of main line gates	942
10. Number of pressure releases	2

REPORT OF THE WASTEWATER DIVISION

To the Honorable Board of Selectmen

The following is the Annual Report of the Wastewater Division for the year ending December 31, 1980.

The operation of the Wastewater Facility has been consistently good. The final plant effluent discharged to the Nemasket River has been below the N.P.D.E.S. requirements for the entire year. Several personnel changes were made at the facility due to the resignations of the Senior Plant Operator and the Laboratory Technician.

The improvements to the facility recommended by Whitman and Howard were slow in obtaining final approval from both the Environmental Protection Agency and the State Division of Water Pollution Control. The contract was finally awarded to the W. Hickey Company of North Attleboro, Massachusetts. Actual work on this project should begin in early 1981.

The largest undertaking of the year at the facility was the de-watering and cleaning of the 215,000 gallon sludge holding tank. This took several weeks to complete and should prove beneficial for the sludge de-watering operation.

SERVICES AND UTILITIES

An open house was held at the facility on June 1, 1980 from 1 PM to 4 PM with refreshments being served. Tours of the facility were given by plant personnel and representatives of Whitman and Howard describing the mechanical operation as well as the biological process of the facility. The response was good and those who attended were presently surprised with the operation of the facility.

The condition of both raw sewerage pumps at the Bridge Street Pumping Station are not good. Temporary repairs were made in the Fall. New pumps and spare parts were ordered and installation of this equipment will be done as soon as the parts arrive.

The Bird Machine Company, manufacturers of the centrifuges used at the facility, ran additional tests using various modified parts and equipment. The program was successful for both the Town and the Bird Machine Company.

Support from the D.P.W. Highway and Water Divisions in the areas of maintenance and operation of the sewerage pumping stations and collection system, continue to be extremely helpful.

Respectfully submitted,

Lawrence D. Arieta
Chief Operator
Wastewater Treatment Facility

REPORT OF THE BOARD OF HEALTH

Board of Selectmen
Town Hall
Middleborough, Mass.

Honorable Board;

I herewith submit my twelfth annual report as Health Officer and summary for the Health Department for the year 1980.

The responsibility of the department covers a wide range of environmental health and disease control facets of public health. The basis for most environmental sanitation programs is in the State Sanitary Code enforced primarily by local Boards of Health. The code is comprehensive, setting minimum operational standards for restaurants, recreational camps, campgrounds, public swimming pools, dwellings and on-site sewage disposal.

During 1980 70 proposed building lots were examined to determine if the soil was suitable for on-site disposal of sewage effluents. 63 passed percolation tests and were approved. 8 were disapproved. The number examined represents a 24 percent decrease from the previous year, reflecting the economy, however, demonstrating that future substantial growth may be expected. 67 septic system installations were inspected assuring the home owner that the installation conformed to the plan approved by the Board of Health. Individuals in the business of installing septic systems are required to have an installers permit issued by the Board of Health and it was deemed necessary to revoke one permit.

47 well permits were issued for new dwellings indicating the majority of new housing starts to be located in the rural areas. A satisfactory bacterial and chemical analysis report is required before approval may be granted for a building permit.

Recreational Camps for Children proved to be a productive areas for inspection during the summer season. An alarming number of violations, i.e. careless sanitation practices, were noted in one facility. The unacceptable condition of the camp related to the operators failure to establish an acceptable maintenance program. Medical records necessary, for communicable disease control, were unavailable or incomplete.

Housing code enforcement continued to receive priority during 1980. Notices of violation were issued in 23 instances. The building and plumbing inspectors provided substantial assistance in evaluating problems in their respective areas of expertise. Recent decisions of the Supreme Judicial Court reinforce the tenants right to occupy a dwelling meeting acceptable standards. Substandard housing definitely is detrimental to both the tenant and community. A substantial number of housing units are subsidized under the Federal Section 8 and State 707 rental assistance programs. 707 leases now require certification by the Board of Health that the dwellings are in compliance with minimum standards of fitness for human habitation as set forth in the State Sanitary Code.

Immunization clinics continue to be an important part of the Board of Health program. Communicable diseases, for which vaccines are available, may be eliminated entirely if comprehensive immunization programs are maintained. Polio has almost disappeared in the United States, however, the State Health Department reports that immunization levels are too low for safety in some part of the country. The public health nurses provided 435 immunizations for school and pre-school children representing an increase of 38 percent over the previous year.

656 persons were immunized against the predicted outbreak of the A/Bangkok strain of influenza.

The Board of Health co-sponsored a rabies clinic with the Pocksha Canine Club. 755 dogs received immunization against this dangerous disease. It is important to protect the

SERVICES AND UTILITIES

dog population as a protective barrier for humans and is required by law.

The public health nurses play a significant part in the control of tuberculosis. Physicians are required to notify the Board of Health of any diagnosed case of tuberculosis in the community. The nurses conduct a thorough investigation of contacts and sources of infection and are involved with the long term follow-up of patients and contacts. The Board of Health is obligated by law for one half of the cost of in-patient care of patients having no responsible payor.

The Plymouth County rate for tuberculosis was 4.23/100,000 population during the year 1979 compared to a statewide rate of 8.19/100,000 population. 6 new cases were reported in Plymouth County. One newly diagnosed case was reported in Middleborough during 1980.

Clinic coordination and nursing service for the Plymouth County satellite x-ray clinic held at St. Luke's Hospital continues to be under the administration of the Middleborough Board of Health nurse. 99 persons were examined at the clinic during the past year and 265 persons attended the associate Mantoux (tuberculosis skin test) clinic held in the Board of Health office. The recent influx of high risk immigrant population in the state may increase the incidence of the disease.

The health nurse's expertise in coordinating the efforts of the various health agencies and in conducting the Board of Health health promotion/disease prevention program is of critical importance for many of our citizens. 3095 home visits, of which 2664 were to persons 65 years of age or older, were conducted during 1980. In addition to the home visits 3436 office and clinic visits were recorded.

During the spring and summer home nursing referrals/visits experienced a substantial increase exceeding 80 visits/week during the summer months. Several patients required daily care. The program remained stable only because of the dedication of the nursing staff.

The Health Officer and Nurse participated in the Middleboro/Lakeville Home Health Task Force meetings sponsored by the regional Health System Agency. The meetings focused on examining available home health services and ways to broaden both medical and social services in the home setting, deemed necessary to meet both the existing and the contemplated expanding needs of the elderly. The agency promotes the concept of consolidation and regionalization necessary to meet comprehensive medicare/medicaid certification requirements. It was important to concede that required therapy services cannot be provided by small agencies. Efforts to reduce costs of medical care in the hospital/nursing home setting have increased and will continue to increase the utilization of home health care services. Unfortunately medicare regulations place a limit on reimbursable visits providing financial support for acute short term illness and fails to adequately address long term custodial care needs.

The task force concluded that the Board of Health should continue to provide clinic and health promotion services and that home nursing care should be transferred to a certified agency. The Taunton V.N.A. was agreeable to expand their comprehensive services to Middleborough. In addition to skilled nursing care the agency is able to provide physical therapy, speech therapy, occupational therapy and medical social services. The Board of Health Nurses continue to assist persons determined not to be eligible for medicare/medicaid or other third party financial support who benefit from the nurses expertise in their effort to maintain an optimum state of health at home.

The Department of Public Health placed a statewide ban on the sale of Urea Formaldehyde Foam Insulation. Urea Formaldehyde insulation is only one of several types of insulation that are blown between the inner and outer walls of buildings. Some persons are sensitive to formaldehyde vapor and the ban was the result of demonstrated adverse health effects. There are many environmental factors, known and unknown, to which we may be exposed on a daily basis and which may affect the health of some individuals or even the entire community. Lead paint poisoning is a good example of a common environmental hazard. High sodium

SERVICES AND UTILITIES

concentrations in drinking water also are a concern to persons suffering from hypertension. Disposal of waste in open dumps has been an unacceptable public health nuisance for at least a decade yet we continue to find violators.

Efforts to reduce environmental factors affecting health definitely has paid off. Increase awareness in the community of the problems involved assist this effort.

I appreciate the cooperation that I have received from numerous citizens, the support of the Board members, and especially the dedication of my co-workers in the Department.

Respectfully submitted,

Robert F. Coburn
Health Officer

PUBLIC HEALTH NURSE'S REPORT

The year 1980 continued to be a very active one for the Public Health Nursing Program. While it has been a transitional period for us, we continued to provide many varied services.

Combined home visits of our Public Health Nurses and a Certified Nurses Aide totaled 3,095. Types of visits encompassed a wide area: Health Supervision and Education, Maternal and Child Health, Medical and Surgical Nursing, Child Neglect, Crisis Intervention, Mental Health, Social Services; Communicable Disease Investigation and Follow-up, Public Health Clinics and Home Health Aide Services.

Our Hypertension Clinics continue to be well attended, however, we hope to increase public awareness of this insidious disease in an effort to reach more of our younger population'

SERVICES AND UTILITIES

Immunization Clinics have shown a steady increase in attendance probably due to the change in our economy. Middle income families are finding it increasingly difficult to afford medical care. The clinics are to insure that no child will go without immunizations because of lack of funds. Lead screening tests are also performed at these clinics.

Flu vaccine was administered to 656 persons and Pneumovax vaccine to 24 persons. These vaccines were provided at Public Clinics, at our office daily, and at the Nursing and Rest Homes in the community.

Our Tuberculosis Control Program consisted of Mantoux and Chest Clinics with follow-up. Tuberculosis is still with us and continued vigilance by Boards of Health is very important.

With the arrival of summer, joint inspections of local recreation camps were made by the Health Officer and the Public Health Nurses.

We continued to enjoy an excellent interagency relationship with the Council on Aging which has resulted in assisting and providing support for many of our elderly population as a joint effort. Total visits for persons over 65 years of age are 2,664.

Throughout the year we were asked to assist people with social and financial problems. Again the Salvation Army Fund allowed us to answer requests for food orders or clothing. Many of these people were experiencing transitional periods in their lives and did not qualify for help in any of our state or federal agencies. Others were waiting for food stamp applications to be processed by the Welfare Department.

Of particular concern is the ever rising number of young unwed mothers who are keeping their babies. This caseload consumed considerable time as some of those mothers needed help with the basic infant care and have many emotional problems to deal with. Follow-up visits have become routine in order to better assist these young mothers.

As a result of several meetings in the past year with Health Systems Agency V, those persons in our community with third party financial coverage are now serviced by the Taunton Visiting Nurses Association. This also allows our citizens to receive special services such as as Physiotherapy, Speech Therapy and more extensive Home Health Aide coverage which smaller agencies cannot provide.

Our sincere thanks to all individuals and agencies who have assisted us in any way. It has been a pleasure to serve the community and we look forward to another year of service to the residents of Middleborough.

Respectfully submitted,

Doris M. Balonis, R.N.

SERVICES AND UTILITIES

REPORT OF THE DOG OFFICER

Honorable Board of Selectmen and Citizens:

I hereby submit my sixth Annual Report as Dog Officer for the Town of Middleborough for the year 1980.

Reported licensed are two thousand five hundred thirty-four (2,534) dogs by the Town Clerk's Office for 1980. State statute requires all dogs over three months old to be licensed by April 1st of each year.

Each year many dog owners are summoned needlessly to court for failure to license their dogs. Numerous dogs are picked up annually and sold as pets. However, many owners do come to the Pound and pay the leash law fine and board for their pets. Unfortunately reported are the remainder of the dogs which are put to sleep by our Veterinarian, Dr. David Johnson, after being held the maximum period of ten days. All dogs that had licenses, owners were notified that they were ready to be picked up. There were no dogs sent to institutions.

If during the year, for any reason, you no longer possess a dog previously licensed or in your possession, please notify the Office of the Town Clerk.

There has been a decrease in dog complaints (2,090) as compared to 2,508 complaints in 1979. However, sadly reported are the 487 animals hit or killed on highways.

I wish to point out again this year that any complaints or requests for the Dog Officer's assistance be made by calling 947-7766 which will be answered by the Police Department Desk Officer. Off hour calls also should be made to the official telephone as I have no facility at home to record messages which could result in needless delay.

I would like once again to remind our townspeople how fortunate we are to have such a fine facility.

A special thanks to Joan Ashley for all her help to animals with low cost spaying. Voices of Animals.

Respectfully submitted,

William R. Wyatt
Dog Officer

SERVICES AND UTILITIES

BRISTOL-PLYMOUTH REGIONAL TECHNICAL SCHOOL ANNUAL REPORT --- 1980

I hereby submit my Fourth Annual Report to the citizens of Bristol-Plymouth Regional School District. The School Committee representing the District is comprised of the following people:

Mr. William R. Powers, Chairman
Dr. Edward J. Lynch, Vice-Chairman
Mr. Frank Moskal
Mr. Robert S. Stone
Mr. Richard A. Ray
Mr. Richard T. Vincent

Raynham
Taunton
Berkley
Bridgewater
Middleborough
Taunton

In September of 1980 Bristol-Plymouth, for the eighth consecutive year, opened its doors to the largest student population in its history. 793 students were enrolled in the high school program and 114 students in the post-graduate programs. These figures represent an increase of 75 students since the beginning of my term as Superintendent-Director with no increase in staff.

The apportionment of net appropriation to member communities was as follows: Berkley - \$45,541, Bridgewater - \$154,369, Middleborough - \$224,020, Raynham - \$139,189, and Taunton - \$553,073. The per pupil assessment for the 1980-81 school year is \$1,265.52.

The school has received notification from the New England Association of Schools and Colleges that a two year progress report which was submitted was reviewed and accepted without a recommendation for a change in status. 63% of the recommendations of changes or evaluations have been either completed or are in progress and 18% are planned for the future.

It was also noted that the staff and administration have responded appropriately to many significant visiting committee and Commission concerns.

There has been one major administrative appointment in the school. Mr. Barry Motta was appointed as Director of Pupil Personnel Service to replace Mr. Paul Couture who passed away in December of 1979. Mr. Motta has been a very capable replacement and has responded most adequately to this challenging position.

Bristol-Plymouth provides full and complete academic, vocational and special needs programs. The two most significant changes in the academic program for the year 1980-81 are an attendance requirement and an inclusion in the curriculum of programs for accelerated students. By redesigning our scheduling procedures, students are placed in levels of learning appropriate to their ability. There is a heavier emphasis this year on the basic skills and all freshmen are tested for competency in reading, writing and mathematics. Those students who fail to meet the basic standards will be placed in remedial classes.

As of December 1, 1980, ninety-eight (98) special needs students, excluding the hearing impaired students, were on the register. This number represents an increase of fifteen students over the same reporting period in 1979, and thirteen percent (13%) of the total school enrollment, which is well above all guidelines regarding special needs population.

Of the ninety-eight (98) students, eleven are in a 502.1 prototype program, eighty-three (83) are in a 502.2 prototype program and two (2) are in a 502.3 program. Special services are provided, as needed, in all academic areas, adapted physical education, speech therapy, physiological services. Special needs students are represented in each of the fourteen trade areas, and receive direct special needs assistance in six shop and related areas through staff funded by a grant under Public Law 98-482

SERVICES AND UTILITIES

Bristol Plymouth has a program for hearing impaired students. We now have thirteen (13) hearing impaired students of which seven (7) are Freshmen. All are mainstreamed in vocational areas with interpreters available.

As of December 15, 1980, seventy-five (75) grade twelve students were out on Cooperative Work Study. This represents forty-four percent (44%) of the senior class, up sixty percent (60%) over last year. Our graduating class of 1980 had the highest job placement in the history of the school. Seventy-three percent (73%) of the class are working in their trade, and total placement is 93%). Our post graduate placement was once again excellent. The L.P.N. program had 100% placement, the Data Processing 94% and the Medical Assistant 80%. All of our post graduates were offered employment.

Our Advisory Board continues to offer us a unique advantage in being able to assess the needs of the community and also to draw upon the expert advice of those people who are professionals in their trade or business. Their contributions and advice continue to help make Bristol-Plymouth an outstanding vocational school in the state.

1980 was a successful and productive year at Bristol-Plymouth. This could only have been achieved through the cooperation of many people, and I am thankful for their support.

Respectfully submitted,

Daniel J. Saunders
Superintendent-Director

DEPARTMENT OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen
Town Hall
Middleborough, Mass.

Gentlemen:

I herewith submit my twenty-first annual report for the Department of Weights and Measures for the year ending December 31, 1980.

During 1980 436 weighing and measuring devices were inspected to determine if they were within the tolerances established by the National Bureau of Standards. Of this number 43 were determined to be out of tolerance. After adjustment 432 devices were sealed, 4 determined to be worn-out were condemned and not sealed, tags were placed on 7 devices voluntarily taken out of service. Sealing fees totaling \$1,235.20, collected in accordance with Massachusetts General Laws, were turned in to the Town Treasurer.

In addition to inspecting and adjusting weighing and measuring devices, the Department conducted a package reweighing program to insure that the customer gets what is paid for at least as far as net weight is concerned.

Respectfully submitted,

Robert F. Coburn
Sealer of Weights and Measures

1979-80 REPORT OF TRUSTEES FOR PLYMOUTH COUNTY COOPERATIVE EXTENSION SERVICE

By Edgar W. Spear, Director

The Plymouth County Cooperative Extension Service's Office is located on High Street, Hanson, and can be reached by calling 293-3541, 447-5946 or 746-0053.

This is repetitious, but for the information of new residents, we are the educational arm of the University of Massachusetts, and the United State Department of Agriculture at the county level. This is where the name, "Cooperative Extension" is derived.

STAFF:

Our staff is comprised of a Director, two Regional Agricultural Specialists, a Community Resource Development Specialist, two Home Economists, four 4-H Agents and four clerical staff.

In addition to our County Staff, we administer a Nutritional Educational Program for limited - income families in Plymouth County, (Expanded Food & Nutrition Educational Program). We have two professional nutritionists and twelve aides. This office is located at 32 Belmont Street, Brockton, and is funded by Federal Nutrition Funds, through the University of Massachusetts, our Land-Grant College. This is for both a 4-H and Adult Program.

We have many new and varied educational programs for you. Areas in which our staff has expertise are Agriculture, Community Resource Development, Home Economics, 4-H Youth Program, Nutrition and Energy Conservation.

Our Expanded Food and Nutrition Program (EFNEP) has expanded from Brockton to all of Plymouth County's twenty-six towns.

In the 4-H youth phase of the program, Nutrition Assistants and volunteers work to provide education to youth, which will contribute to personal development and improvement of diets and nutrition of their families.

In 1979-80, there were 4,640 youth involved in our 4-H EFNEP Nutrition Program. You can obtain information about current programs, as well as up-to-date consumer information, by requesting the free monthly newsletter. This newsletter can be sent to you by calling the Brockton Office at 583-2545 or 583-2598.

EFNEP prepared a Spanish Nutrition Newsletter to 240 Spanish speaking families and a monthly nutrition newsletter, Kitchen Quotes, to approximately 3,000 families. In addition, monthly columns appear in Council for Children news and eight Council on Aging newsletters, reaching 7,000 residents of Plymouth County on a monthly basis.

Since August of 1977, we have been performing energy audits for home owners. With oil at \$1.10 per gallon, this has meant an average savings of well over \$300 each for those homes. During the past two years, 1,400 homes had such an audit in Plymouth County.

In our traditional 4-H Program, we have 1,108 members with 28,777 other youth participating in our short-term and school programs. The 1977 population of Plymouth County schools was 96,287. This means 29.8% of Plymouth County youth have been involved in our programs this year.

In the town of Middleborough, there were 851 youth that participated in these programs.

Contact your Town Director, Fred Freidenfeld, for the County Cooperative Extension Service with any suggestions or requests.

Free bulletins are on display at our office on lawn care, gardening, nutrition, home canning and freezing, to name just a few. If you pass our office in your travels, please stop and get to know us. We continue to test soil, free of charge, for Plymouth County residents.

Our Board of Trustee members are:

SERVICES AND UTILITIES

George Fraser, Chairman - Kingston

Saul Wyman -- Bridgewater

1980-1981 REPORT OF TRUSTEES FOR COUNTY COOPERATIVE EXTENSION SERVICE TOWN OF MIDDLEBOROUGH

In accordance with the General Laws of the Commonwealth Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town, or by the Federal Government for carrying out the provisions of the law under which they are appointed.

Their agents have made contacts during the past year in every community, either by public meetings, individual visits, group discussions, demonstrations, or otherwise, in attempting to assist the needs of the citizens toward helping to solve management problems, better living, and better community service, and have been ably assisted by many local volunteer leaders.

A total expense of \$200.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

EXPENSE 1979-1980

Books & Manuals Purchased for Town Officials	\$ 18.08
Town Director's Expense	0
Bulletins, Paper, etc.	117.44
4-H School Programs, Environmental Center	51.04
4-H and Home Economic Leader Expense	13.44
TOTAL	\$200.00

FINANCIAL SUMMARY

1980-1981 Appropriation (current)	\$200.00
Suggested Appropriation for 1981 - 1982	200.00

Respectfully submitted,

Trustees for County Cooperative Extension Service

By Edgar W. Spear, Director

SERVICES AND UTILITIES

REPORT OF THE BOARD OF LIBRARY TRUSTEES

To the President of the Board of Library Trustees
Middleborough Public Library

The following is the report for the year 1980 of the activities at the Middleborough Public Library.

Early in the year, we moved all of the stored magazines from the lower stackroom to the rough shelving that we had built in the utility area of the building. This was quite an operation as we store each of the magazines for ten years back. This has given us the space in the stackroom for much needed shelving.

We are, now, in the process of selecting books from the main floor to be moved to this shelving in the lower stackroom. The books will be from areas that are not considered popular reading. They will have to be requested from the main desk. The main floor stacks will be for widely used books and popular reading and will remain open to the public.

Our biggest project for the year has been the expansion of the children's room. Shelf space was urgently needed for this room. A large area of the upper hallway has been enclosed with a half partition. The inside of this partition is made up of shelves. There will, also, be three double-faced rows of shelves in the middle of the enclosed area. This will relieve the crowded conditions of the main children's room.

We have not been able to complete the cleaning and pointing of the Library Building, as we had hoped to do. It will take all our renovating and repair money to complete the children's room. Perhaps, we can finish the exterior of the building in 1981.

The library continues to sponsor story-telling on Tuesdays. These are well attended. In fact, we have expanded this to two sessions each Tuesday. One is held in the morning and the other in the afternoon.

Book week was observed with a large display of new books, as is usual.

The Children's Room sponsored its annual summer reading club from June through August. The children reported on books they had read. Those who completed the required number were given a certificate. There were three special sessions held. A "Sing-a-long" was held on June 24th. Mrs. Janice Bichsel was in charge. This proved to be very popular. On July 24, a pet art contest was held. Each child presented, either a drawing or a photograph of their pet. They were to be judged for cutest, most beautiful, etc. They were all so special that everybody won! The third special event was a creative writing session. The club ended for the summer with a cookie and punch party — enjoyed by all.

The Middleborough Library Trustees wish to express their gratitude to all donors of books, periodicals, records and other materials and gifts to the library during 1980.

Respectfully submitted,

Eleanor E. Tompkins

REPORT OF THE CONSERVATION COMMISSION

To the Honorable Board:

Before beginning this report I'd like to take this opportunity to thank Commissioner Robert Boutin who "retired" this year after serving ten years with the Commission. Bob is a tireless worker whose knowledge of wetlands, agriculture and construction are as invaluable and inexhaustible as his dedication to the Town and his manner of dealing with people. Bob always kept the Town's best interest in mind yet he never let the "little guy" get lost in a bureaucratic shuffle. His years of hard work and dedication are very much appreciated and will be sorely missed.

During 1980 the Middleborough Conservation Commission held 6 hearings and issued Orders of Conditions under the Wetlands Protection Act. There were no appeals of any orders and 5 previous orders were extended for an additional year. There was 1 Request for Compliance and Cease and Desist Orders issued under the enforcement provision of the Act,

No court action was instituted this year but the Commission is a defendant in a land damage suit filed a number of years ago. At long last it appeared that the case would go to trial and be cleared up but it was again continued.

This year only one farm applied for protection under the Chapter 780 program. This program allows the State and Town to "buy" the development rights to farmland and pay the farmer the difference between the farm value and the development value in cash. In return the farmer keeps the land in agriculture and may sell the land as farmland. It frees the farmer from development pressures and allows a new farmer to purchase agricultural land that he clearly could not afford at the inflated development price. Hopefully, next year will see more of our rapidly dwindling farms placed under this protection.

1980 also saw the discovery of a hazardous waste dump containing 300 barrels of various solvents at J&G Salvage Yard on Plain St. Court action is now pending by the Mass. Attorney General and Plymouth Country District Attorney

The unsafe storage of hazardous waste at Rockland Industries on Plymouth St. was uncovered by the investigation and joint co-operation of the Conservation Commission, Mass. Water Pollution Control and the Attorney General's Office. This co-operation led to the signing of a "consent agreement" in Superior Court whereby Rockland Industries will test, clean up and remove improperly stored chemicals within the next few months. The Commission is keeping in touch with the agencies involved in both cases.

In reviewing programs for the Nemasket River we find that a high priority is placed on construction of a permanent fish ladder at Oliver Mill and one along the Fall Brook. The Commission is working with the advice of Joe DiCarlo and the Marine Fisheries Bureau to see that this is done in the coming year. We are also co-ordinating plans with the Nemasket River Sub-Committee and other boards and groups interested in the River.

The Conservation Commission meetings are always open to the public and we welcome the participation of one and all. A background in conservation is not necessary, only an interest in the future of Middleborough.

REPORT OF THE MIDDLEBOROUGH HISTORICAL COMMISSION

The Middleborough historical Commission welcomed two new members, Dix Shevalier and Joseph Freitas, to its ranks. Both members are presently serving on other town committees seeing that there is a proper blending of the lasting historical interests of the town with the undertakings of possibly conflicting interests.

The work of the commission on preparations for seeing that the South Main Street area is made into an historical district has been completed. As the next step in establishing this district, it will be recommended that the Board of Selectmen appoint a South Main Street Historical Study Committee.

One of the most important developments this year was the selection of the C.P. Washburn Grain Elevator for placement in the National Historical Register. At the state level, a number of buildings have been registered at the Massachusetts Historical Commission.

Several sites in town were checked to see if protective measures were necessary and, with the exception of the Fort Hill site, it was decided that no measures need be taken. Efforts are being made to protect the Fort Hill site.

Much assistance is still needed from persons interested in becoming either members or associate members. Interested townspeople are asked to contact either the Chairman at 947-7222 or the Town Manager.

Respectfully submitted

Charles M. Chase, Jr., Chairman

REPORT FOR THE COUNCIL ON AGING — 1980

Middleborough Council on Aging during the past year has undergone a complete metamorphosis from embryonic service to one of the town's most viable departments which gives us a completely euphoric posture!

The community has become increasingly aware of the new multiplicity of services which are now permanent resources for Middleborough Elders who happily are utilizing them to upgrade their quality of life in growing numbers.

We wish to express our heartfelt appreciation to the residents of the Town of Middleborough for their support in making our Wheelchair Transport Van possible by their gen-

SERVICES AND UTILITIES

erous approval of \$14,000. for the purchase of the vehicle and hydraulic chair lift. I am particularly pleased to announce that we were able to negotiate the final purchase price for this most valuable additional equipment at \$9550. Since the wheelchair transport became operational on June 6, 1980, it has become an indispensable part of COA Service to the handicapped elderly segment of the community.

Each new service has been implemented as an adjunct to the other; as a result, we have found ourselves faced with new dilemmas of finding better methods to meet additional needs.

The greatest problem which has arisen has been the need for additional space to accommodate parking and the conduct of interviews. Our attempts, although genuine, have been almost futile toward alleviating the problems of where to put people! On many occasions, we have experienced the problem of where to conduct office functions due to the lack of available space in the building on days when seemingly endless numbers of individuals have sought the services for Health Maintenance, Social Security, SSI, Legal Services, Fuel Assistance, Case Work Services, Vial of Life Registration, Mental Health Services, R.S.V.P. Volunteer Information, Senior Aide Services, Ombudsman, Medical Equipment Loans, Crisis Intervention Programs, Hot Lunches, Meals on Wheels, Friendly Visitors, Advocacy Programs, plus Informal Education and Recreation Programs.

We are rapidly approaching the dimensions of the fantasy created by the "Old Woman who lived in the Shoe," which as services grow is rapidly becoming a reality! In addition, we have become increasingly aware of the impact which MCOA is having throughout the area of Southeastern Massachusetts from the increasing number of requests which sporadically arise for technical advice and consultation from other COA's.

The many successes which we enjoy is perhaps epitomized best by our on-site meals program, which although it required nearly 10 months to implement from the planning to opening stage, has already served 1/5 of the previous number of participants of prior years in one month! Participants now may be assured nutritious balanced salt-free meals Monday through Friday year-round.

None of these goals could have been accomplished without the magnanimous support which has been given at all levels i.e. Town Officials, MCOA Board, MCOA Staff, Volunteers and Townspeople.

Throughout the year we have been comforted by the assurance of sympathetic ears to our "growing pains" and have received more than just peripheral support from everyone.

Middleborough is to be congratulated for its genuine efforts toward assuring an atmosphere of constantly improving the quality of life for its older citizens through its sensitivity to the needs of Older Americans.

We shall continue to direct ourselves to the needs of additional housing and greater efforts toward reaching deeper into the community to educate all older residents of services, not only those of the Council on Aging, but those of the Town as well which have become an integral part of the strong partnership which has been formulated throughout the entire community with private, municipal and federal agencies.

Special appreciation is extended to the Town Highway Department, Nursing Homes and Rest Homes throughout the town, Town Health Department, Middleborough Lakeville Counseling Center, Plymouth County COA, South Shore Community Action Program, Social Security Program, South Eastern Mass. Legal Assistance Corp., Department of Elder Affairs, Old Colony Elderly Services, C.E.T.A., Elder Services of Middleborough, Inc., Elder Service Corps, R.S.V.P. (Retired Senior Volunteer Program), and Mr. Victor Sylvia for their magnificent support throughout the year.

SERVICES AND UTILITIES

REPORT OF THE VETERANS' SERVICES DEPARTMENT

Honorable Board of Selectmen
Middleborough, Massachusetts

Honorable Board Members:

I hereby submit the annual report of the Department of Veterans' Services for the year 1980.

Reimbursements to the town from liens placed on Workman's Compensation checks, Accident Claims, etc, amounted to \$5,282.16.

The budget for 1980 was for \$62,304.50. Middleborough is reimbursed 50 per cent of this expense by the State Government.

This office is requesting \$63,465.54 for its budget for 1981.

The Town Hall office is open Monday through Friday from 9:00 A.M. to 5:00 P.M.

A toll free telephone number 1-800-556-3893 is available for anyone seeking information from the Veterans' Administration Regional Office in Providence, Rhode Island.

We regularly attend all seminars, workshops, etc., as they are invaluable in the exchange of experiences, information and the developing of business contacts.

Again Chapter 115 of the General Laws as amended has undergone many changes relating to procedures and policies, both on local and federal level.

If you are receiving a Veterans' Administration Educational Benefits check, or any other Veterans' Administration benefits, make certain that you notify the Veterans' Administration when and where you move of the new address change.

Public Law 96-449 — 96th Congress — The Hostage Relief Act of 1980 passed October 14, 1980 is to provide certain benefits to individuals held hostage in Iran and to similarly situated individuals.

The law increased Vietnam era GI Bill Educational Benefits by 5 per cent effective October 1, 1980, with an additional 5 per cent increase scheduled for January 1, 1981. The full 17 per cent increase in vocational rehabilitation benefits was effective October 1, 1980.

Massachusetts, Illinois, New Hampshire and Vermont are the remaining four states accepting applications for bonuses for Vietnam veterans. Massachusetts veterans must have had six months of active duty between July 1, 1958 and prior to April 1, 1973, and must have had at least six months residence in the state immediately prior to entry into the military. Forms are available at our office. Veterans should mail completed form to Commonwealth of Massachusetts, State Treasurer Bonus Division, Room 1203, John W. McCormack Bldg., One Ashburton Place, Boston, Massachusetts 02108.

The Veterans' Administration Home Loan Guaranty has been increased from \$25,000 to \$27,500 for conventional homes, condominiums and home improvements, and from \$17,500 to \$20,000 for mobile homes and lots.

We have successfully obtained federal hospitalization service and non-service connected disability pensions, widows' pensions, etc. for deserving veterans.

At this time I would like to publicly thank Mr. Stanley Barnicoat who has delivered and placed at the gravesites a great number of headstones and markers for the deceased veterans of Middleborough for the past several years at no charge to the families.

SERVICES AND UTILITIES

A thank you is also extended to Alice Smith, our most knowledgeable and accommodating secretary, and my wife, Marian, who assists her in so many ways.

We are very grateful to the Board of Selectmen, Town Manager, Anders Martenson, Jr. his staff, Town Clerk, Ruth Caswell and her aides, and to the many others who assist us so willingly throughout the year.

Respectfully submitted,

George J. Marra
Veterans' Agent and Director
Middleborough, Massachusetts

REPORT OF THE PLANNING BOARD

During the calendar year 1980, the Middleboro Planning Board approved 49 Form A lots and 26 Form C subdivision lots. The Board met bi-monthly and attempted to provide leadership and coordination of planning activities within the community.

The Board addressed the larger issues of water supply, earth removal, landfill practices, housing patterns, downtown development, and business and industrial growth. Consistently the Planning Board has worked to maintain channels of communication with state agencies and local groups working in the area of community development. We have begun a comprehensive planning reference library and have kept in close contact with SRPEDD.

The Board notes with regret the resignation of Judy Wiksten, whose contributions and leadership will be missed. On the other hand, we welcomed Michael Paolella to the Board this past spring. Special thanks are also due to our devoted and capable secretary, Beverly Pheanis.

John A. Moore, Chairman
Margaret Abramson, Clerk
Robert Roht
Judith Wiksten
Michael Paolella

REPORT OF THE CIVIL DEFENSE DIRECTOR

To the Honorable Board of Selectmen:

In 1980 our Civil Defense continued with direction away from war related incidents. Nuclear power plant accidents and hazardous materials became the main subject of concern from the higher levels of government.

We continued to monitor weather for potential natural disasters. In 1980, the weather was quite mild and unremarkable. On August 6, 1980 we had a hurricane alert for "Allen". Winds clocked at over 125 M.P.H. caused extensive property damage and human suffering with over 100 deaths in Haiti. This hurricane continued westerly across the Gulf of Mexico and expired near the Texas-Mexico border.

The only other incident of extreme weather was a record low temperature on Christmas Day. A reading of -7°F. on that day was the lowest recorded in over 100 years.

The nuclear power plant, "Pilgrim I" in Plymouth received a lot of attention and we

SERVICES AND UTILITIES

developed plans for additional areas of evacuation if an accident occurred there.

In that regard, thirty more people from the Police Department, Fire Department, Auxiliary Police Department, and Citizen's Band Radio Club completed a course in radiological monitoring. The Department of Defense provided us with 22 additional Radiological Monitoring Units, Model No. CDV777-1. They were distributed to the town departments for either mobile or base service.

The other main subject of concern that was addressed in the past year was hazardous materials and waste. The problem received full attention on June 17, 1980 when a railroad tank car, WRNX No. 30002, carrying 28,000 gallons of liquid propane gas developed a leak. The car was safely unloaded into tank trucks at the Middleborough railroad yard. As a result of that incident, an evacuation plan for the area within one half mile of the railroad yard was developed.

We continue to maintain our communications capability at a high level. Each month we participate in the RACES short wave 2 meter F.M. amateur radio network that covers the Southeastern part of the state. Every other month we receive a "CHECKERBOARD" Test Alert. It is National in scope and covers the continental United States.

Our Citizens Band Radio Group provides communications back-up in case of commercial power failures.

We are still eligible to participate in the Surplus Property program. The first Tuesday of each month is set aside for the town departments to visit the Surplus Property Depot in Taunton to purchase whatever surplus items are on display there.

Our Auxiliary Police Unit continues to be the most visible branch of the Civil Defense in Middleborough. Their training continues and they are readily available to assist the regular Police Department when the need arises. The many hours of their time, spent on Police duties are donated free to the town, goes without the praise they deserve. Under the leadership of Captain Henry Bump, this unit is due the respect of all of us. (His report is on another page in this Annual Report.)

Your Civil Defense will keep abreast of National and State developments and policies as they are presented. With a new administration taking command in Washington, we can anticipate changes in Civil Defense posture.

Respectfully submitted,

Norman L. Diegoli
Civil Defense Director

PARK DEPARTMENT 1980 ANNUAL REPORT

Our basic program of activities consisted of swimming lessons and recreational swimming, tennis and archery lessons and competition, men's and women's softball leagues, baseball and basketball instruction and competition for all ages, kiddie korner, crafts, special events, informal play, and skating and sliding during the winter. The basic program seems to satisfy the needs of the community. Our Two-light baseball league for junior and senior high school youngsters was expanded to six teams and may further expand this summer with an increased number of youngsters predicted.

The completion of the reclaimed area project toward the Nemasket River was achieved. The town sewer line problems going through the area were finally solved, allowing us to work on plans to develop the area. With Revenue Sharing money the area was graded and seeded, and a softball diamond constructed. The Peirce Trustees granted the Park Department funds

SERVICES AND UTILITIES

to construct a second softball diamond, an asphalt area for general play, and further improve the canoe landing and picnic area next to the Nemasket River. As planned several years ago, the area will be used as a general play facility, parking, canoeing, and picknicking along the Nemasket River.

The new rest room and concession building was completed in conjunction with the School Department. It was first used last Fourth of July, and used by the Park Department during the summer and the School Department for its football games.

The cold winter weather and snow attracted many youngsters and adults to the playground for skating and sliding. To provide for better and longer-lasting ice for skating, the Department flooded one of the softball diamonds on the reclaimed area. Only the asphalt area on the west side of the skating house was frozen for skating. This allowed the use of the east side to be used for basketball during the winter.

We are further indebted to the Peirce Trustees not only for the financial aid for the reclaimed area but also for the purchase of a seeder machine, which we put to good use in the fall to recondition the Park and School Department athletic fields.

Concerning Proposition 2½, the Park Board philosophy will be to meet its obligations with the least cut in services as possible.

The Department extends its thanks to the people of Middleborough, its government officials, the Peirce Trustees, and the Park Board for their continued recreational interest and support.

Respectfully submitted,

Joseph Masi, Park Superintendent

Park Board:

John W. Scanlon, Chairman

David G. Reed

Harry I. Pickering

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Plymouth County Mosquito Control Project respectfully submits the following report for 1980.

Extremely dry weather was partially responsible for somewhat lower than normal mosquito populations in 1980. The monitoring program conducted by the Project and the Extension Specialist of the University of Massachusetts showed that most mosquito species that attack humans were indeed relatively low in numbers in most areas. However, that species implicated in the transmission of Eastern Equine Encephalitis within local bird populations was found in appreciable numbers. Encephalitis was not a major concern in 1980, though the virus was isolated from mosquitoes captured in Halifax (not a member of this project).

The project again expanded its early spring pre-hatch treatments to cover 2,506 acres of selected breeding sites, compared to 1,200 acres in 1979. Excellent results were again obtained and provided an additional factor in the lowering of mosquito populations.

Beyond the pre-hatch treatments, 890 acres of larval mosquito habitat was treated along with 969 catch basins. The latter involved the use of a relatively new and extremely safe insect growth regulator.

In those areas where adult mosquitoes reached nuisance levels, various types of chemi-

SERVICES AND UTILITIES

cal applications were performed with a total coverage of 125,242 acres. Increased use of ultra-low volume spray apparatus and decreased use of cumbersome and expensive mist blowers enabled the project to more effectively serve all areas involved. We expect to phase out the use of mist blowers in the next few years.

The project continued its water management program with the excavation or reclamation of nearly 100,000 feet of upland and saltmarsh drainage ditches. 48,905 feet were worked by hand with the remainder by tractor mounted backhoe. In addition, 60 culverts were cleaned of blockages. Water management is the first and most permanent line of defense against mosquitoes. The topography of Plymouth County insures that water management will occupy the Project for many years to come.

The vastly increased complexity of mosquito control in the last decade precipitated the appointment of an entomologist as superintendent of the Plymouth County Mosquito Control Project late in 1980. This will result in the incorporation of the most modern mosquito control technology into the pest management program already well established by Arthur L. Westgate, who will continue to direct field operations. An educational slide presentation by the superintendent will be available to governmental and civic organizations in the county by late summer, 1981.

We wish to thank each town and their personnel for their cooperation and assistance throughout 1980.

Gary L. Benzon, Superintendent

REPORT OF SELF HELP INCORPORATED

Self Help, Inc., is greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1980, Self Help, Inc., received a total funding of \$6,498,070 and provided 275,558 direct services to the area's limited-income individuals and families. Middleboro residents received 32 direct services totaling \$41,984, during our program year.

The total funding of 6 Million dollars does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$2,411,094 of other community resources such as CETA, Commonwealth Service Corp., and Local City and Town contributions as well as volunteers. The gross volume of Self Help, Inc., during the past program year was 8.5 Million.

Self Help currently employs 178 individuals, many of whom are limited-income and minorities.

We feel that the program year 10/1/79 to 9/30/80 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the area's Board of Selectmen and town volunteers for helping to make our program a success.

Respectfully submitted,

Ulysses G. Shelton, Jr.
Executive Director

SERVICES AND UTILITIES

SOUTHEASTERN REGIONAL PLANNING & ECONOMIC DEVELOPMENT DISTRICT COMMISSIONERS REPORT

During 1980 the Town of Middleborough continued its membership for the eleventh year in the Southeastern Regional Planning and Economic Development District. SRPEDD is a planning and economic development agency formed under state law to serve communities in southeastern Massachusetts by providing a cooperative approach to regional issues.

The District is governed by a Commission consisting of a chief elected official or designee and a planning board representative from each participating municipality and six low-income and minority representatives. Middleborough's Commission representatives from the Board of Selectmen and Planning Board, respectively, are Lawrence Carver, who also serves on the Finance Committee, Executive Committee, Public Relations Committee, and Affirmative Action Committee, and John Moore. Middleborough also benefitted from representation by Karl Eklund, At-Large Commissioner from the Taunton Area, who also served on the Affirmative Action and Legislative and By-Laws committees for the SRPEDD Commission.

In addition to regional planning and economic development, SRPEDD assists member cities and towns. Through the free municipal assistance program, each community receives time for local projects and assistance in preparing applications for federal and state funds.

The agency's purpose is to plan for regional land use, economic development, housing, transit, transportation, solid waste, energy resources and conservation, and air and water quality. Local participation in these regional plans enables communities to be eligible for federal and state dollars.

Services to Middleborough this past year included:

- Assisting Planning Board with apartment zoning regulations in downtown

- Preparing amendment regarding industrial zoning

- Studying feasibility of Middleborough Gas and Electric obtaining a cable television license

- Submitting zoning proposals for the Water Supply Protection Program in the overlay district.

Regional plans completed this year benefitting all communities include:

- *The Overall Economic Development Program (OEDP) which makes member communities eligible for EDA funding and a 10 percent bonus for public facility projects.

- *The Transportation Improvements Program (TIP) which lists major projects in each community for federal and state funding. A project must be included on the TIP in order to be eligible for these funds.

SRPEDD represents the collective will of its member communities. As the responsibilities and problems of municipalities become increasingly complex, the District can provide technical assistance to local boards, encourage cooperation among communities, and provide a comprehensive approach to issues that cross local boundaries.

REPORT OF THE WIRE INSPECTOR

To Our Honorable Board of Selectmen:

Greetings:

This year, 1980, we had 89 new meters, 46 changeovers, 14 temporary, 16 clocks for water heaters, 93 rough wirings, 40 increases and 113 final inspections, plus small jobs, reinspections, etc. making a total of 511 inspections. Respectfully submitted,

Emil N. Niro, Wire Inspector

SERVICES AND UTILITIES

REPORT OF THE HISTORICAL COMMISSION

The Middleborough Historical Commission welcomed two new members. Dix Shevalier and Joseph Freitas, to its ranks. Both members are presently serving on other town committees seeing that there is a proper blending of the lasting historical interests of the town with the undertakings of possibly conflicting interests.

The work of the commission on preparations for seeing that the South Main Street area is made into an historical district has been completed. As the next step in establishing this district, it will be recommended that the Board of Selectmen appoint a South Main Street Historical District Study Committee.

One of the most important developments this year was the selection of the C. P. Washburn Grain Elevator for placement in the National Historical Register. At the state level a number of buildings have been registered at the Massachusetts Historical Commission.

Several sites in town were checked to see if protective measures were necessary and, with the exception of the Fort Hill site, it was decided that no measures need be taken. Efforts are being made to protect the Fort Hill site.

Much assistance is still needed from persons interested in becoming either members or associate members. Interested townspeople are asked to contact either the Chairman at 947-7222 or the Town Manager.

Respectfully submitted,

Charles M. Chase Jr.
Chairman

REPORT OF THE ZONING BOARD OF APPEALS

The Zoning Board of Appeals received twenty four applications during 1980 and conducted public hearings on a wide range of subject matter. There were nineteen petitions for special permits received and thirteen were granted, most with additional conditions imposed by the Board to insure proper operation and use. Of these nineteen petitions, seven involved the conversion of existing owner occupied dwellings to add an additional apartment. The Board received its authority to allow such conversions when the by-laws were updated in recent years. Four requests for variances were received and all were denied. One petition was received appealing a zoning related decision of the Board of Health, which decision was upheld.

There was a reduction in the number of applications received in 1980, down from thirty three in 1979. The Board feels that this is due to changes which have been made in the zoning by-laws which more specifically define permitted uses and due to a better understanding of the by-laws by the citizens.

Respectfully submitted,

Robert J. Mather, Chairman

SERVICES AND UTILITIES

REPORT OF THE PLUMBING AND GAS INSPECTOR

In the year 1980 industrial and commercial projects were on the increase in Middleborough.

This year a moritorium was imposed on the installation of gas heating appliances on the low pressure gas system in Middleborough.

The State Codes that are enforced by the Department are constantly changing. These Codes are for the protection of public health and safety. It is for the residents' benefit that the instalations of plumbing and gas fittings be done by people who are qualified personnel, licensed by the Commonwealth of Massachusetts. An incorrect installation of plumbing can be a serious hazard to the health of the whole community. The improper installation of gas piping or a gas appliance is, for the obvious reason, a serious threat to safety.

If at any time you have a question that pertains to gas fitting or plumbing, do not hesitate to call this office. As always, it is an honor to serve the people in the Town in which you live.

The following is a breakdown of the permits and fees collected by the Department for the year 1980.

	PERMITS ISSUED	FEES COLLECTED
PLUMBING	430	\$4,240.00
GAS	482	2,625.00
SEWER ENTRANCES	12	<u>375.00</u>
TOTALS	924	\$7,250.00
		Respectfully submitted
		Jack O'Brien
		Plumbing & Gas Inspector

REPORT OF THE BUILDING INSPECTOR

This department issued a total of 664 permits this past year. The fees collected for them are as follows:

Building Permits	\$3,182.00
Occupancy Permits	220.00
Sign Permits	40.00
State Certificates of Inspection	1,070.00
Demolition Permits	<u>44.00</u>
TOTAL	\$4,556.00

The following is a breakdown of building activity for the year.

Solar Collectors	16
Multiple dwellings	0
Dwellings	39
Additions & Renovations	66
Garages	22
New Businesses	13
Business additions & renovations	26
Chimneys, fireplaces, woodstoves, etc.	203
Farm structures	19

SERVICES AND UTILITIES

Pools	28
Sheds & storage buildings	30
Porches & decks	24
Barns	8
Greenhouses	5
Mobile homes	4
Miscellaneous	7

The total number of permits issued are less than last year's amount by about 20%. It may be interesting to note that coal/wood stoves and related permits were only 203 as compared with 323 in 1979. Also, it is no surprise that the number of dwelling permits dropped from 62 to 39 as a result of the higher interest rates.

I would like to take this opportunity to inform the public of some of the lesser known facts relative to the duties of Inspector of Buildings.

I am mandated to be Zoning Officer, which means upholding enforcement of the Middleborough Zoning By-laws. This encompasses checking for Zoning compliance for proposed buildings and existing violations.

Fence viewing is another duty which may not take as much time but can prove very interesting on occasions.

My primary duty is enforcement of the Massachusetts State Building Code. This is a basic uniform state Code. It is performance oriented and is primarily geared to new construction.

However, there are provisions for inspecting and renovating existing buildings and also for changing use of existing structures.

The Code's intent is to insure public safety, health and welfare insofar as they are affected by building construction through structural strength, adequate egress facilities, sanitary conditions, equipment, light and ventilation and fire safety.

Most buildings in town are required to be periodically inspected except for one and two family dwellings.

The Code is constantly being updated and is now on the fourth edition. There is a proposal for mandatory requirement of licensing for construction supervisors to take effect Jan. 1, 1982. I believe this will be a step forward in professionalism in the construction industry.

Once again it has proved to be a busy year and we in the department look forward to serving the public this coming year.

Yours truly,

William J. Gedraitis
Inspector of Buildings

Respectfully submitted,

Joseph F. Oliver
Fire Chief

ORGANIZATION CHART
OF THE MIDDLEBOROUGH FIRE DEPARTMENT

JOB DESCRIPTIONS – MIDDLEBOROUGH FIRE DEPARTMENT

Chief – Joseph Oliver

- 1. Head of Department.
- 2. Finance Officer.
- 3. Responsible for enforcement of all State and local fire regulations.
- 4. Head of personnel and assignment duties.
- 5. Commander at all major fires.
- 6. Supervisor of all other department operations.

Deputy Chief – David Smarsh

- 1. Head of Department in absence of chief.
- 2. In charge of inspection program.
- 3. In charge of training program
- 4. In charge of fire pre-planning program.
- 5. In charge of fire statistics.
- 6. Platoon Commander

SERVICES AND UTILITIES

Captain — Melville Matthews Sr.

1. In charge of all oil burner inspections.
2. Underground tank installations.
3. Assist in general inspection program.
4. Platoon Commander
5. Wood stove inspector.

Lieutenant — Julian Plaskawiski, Jr.

1. In charge of all apparatus and equipment repair.
2. Assistant general inspection officer.
3. Platoon Commander.
4. Driver and pump operator.

Lieutenant — Ronald Poulin

1. In charge of fire prevention program.
2. Chief inspector of schools and hospital.
3. Assistant general inspection officer.
4. Assistant of fire statistics.
5. Platoon Commander.

Lieutenant — Byron Guilford

1. Assistant fire prevention officer.
2. Training officer.
3. Assistant general inspection officer.
4. Assistant Platoon Commander.

Senior Private — Vincent Gorman

1. Assistant Platoon Commander
2. Inspector of lumber yards.
3. Driver and pump operator.

Senior Private — Joseph Silvia

1. Assistant Platoon Commander.
2. Driver and pump operator.

Private Thomas Rogers

1. In charge of all Plectron radios.
2. In charge of Fire Alarm System.
3. Assistant in clerical work.
4. Driver and pump operator.

Private — Donald Duell

1. Oil burner inspector.
2. C.P.R. instructor.
3. Driver and pump operator.
4. Wood stove inspector.

Private — Clifton Richmond

1. Oil burner inspector.
2. Driver and pump operator.
3. Wood stove inspector.

Private — Carl Reed

1. C.P.R. instructor.
2. In charge of Underwater Recovery Team.
3. Driver and pump operator.
4. Wood stove inspector.

SERVICES AND UTILITIES

Private — Paul Rebell

1. Oil burner inspector.
2. Wood stove inspector.
3. Driver and pump operator.
4. Truck safety inspector.

Private — Eugene Turney

1. Assistant for Plectron radios.
2. Arson investigator.
3. Driver and pump operator.
4. Fire prevention inspector.

Private — Anthony Pattee

1. Assistant inspector of schools.
2. Fire prevention inspector.
3. Driver and pump operator.

Private — Philip Hollis

1. Driver and pump operator.

Private — George Andrade, Jr.

1. Driver and pump operator.

Private — Richard Otto

1. Driver and pump operator.

Private — David Beland

1. Driver and pump operator of South Middleborough Station.

Private — John Vickery

1. Driver and pump operator.

Private — Melville Matthews, Jr.

1. Driver and pump operator.

Private — James Farrah

1. Driver and pump operator.

Private — William Burke

1. Assistant C.P.R. Instructor.
2. First Responders Instructor.
3. Driver and pump operator.

Private — Mario Mota

1. Driver and pump operator.

Private — Francis Bell, III

1. Mechanic.
2. Driver and pump operator.

Private — Robert Silva

1. Assistant C.P.R. Instructor.
2. First Responders Instructor.
3. Driver and pump operator.

Clerk — Betty Woodward

1. Typing reports, permits, correspondence, computer forms, and inventory.
2. Keeping financial records
3. Filing and general clerical work.
4. In charge of equipment supply

SERVICES AND UTILITIES

COMMENTS

Personnel

On September 1, 1980, Eleanor McGreevy resigned as Clerk. On September 1, 1980, Betty Woodward was hired as Clerk. On March 15, 1980, Mario Mota was hired as a permanent firefighter.

New Equipment Purchased

Ten (10) new Motorola portable radios for call firefighters; (10) Turnout coats; (14) prs. Ranger boots; (6) Cairns helmets; (30) prs. mittens; (3) prs. Tempo gloves; (3) diving mittens; (3) prs. diving boots.

(2) 24' extension ladders; (2) 12' roof ladders; (1) 10' attic ladder; (2) Koehler lights and double charger; (2) Uni-lites; 2,000' - 1 1/8" forestry hose; 1,000' - 2 1/2" hose; (2) 1 1/8" forestry nozzles; (1) 1 1/8" Akron nozzle; (2) 2 1/2" Akron nozzles; (4) Jaffrey couplings; (4) Akron hydrant gates; (2) spanner sets; (2) fire extinguishers; (1) bearcats scanner; (1) four-drawer filing cabinet; (1) Plymouth County wall map; (5) fire-training kits.

On October 31, 1980, I called an emergency meeting with the Board of Selectmen and the Finance Committee, because of a blown engine in Engine No. 3. It was voted at that time to install a new Detroit in-line diesel engine in Engine No. 3.

Services to the Town other than firefighting

Fire safety classes were given, upon request, to St. Luke's Hospital and to nursing and rest homes. Demonstrations were given on proper use and handling of Class A, B, C, and D fire extinguishers. Cardiopulmonary Resuscitation courses were given to various organizations by permanent firefighters Donald Duell, Robert Silva and William Burke. These men are certified C.P.R. instructors. In-service inspections of business and town-owned property and of wood-burning stoves were conducted by permanent firefighters.

OTHER COMMENTS

I wish to thank the many organizations, and the citizens of Middleborough who contributed to the Middleborough Fire Prevention Program.

I wish to thank the Police, Water and Highway Departments, and the Gas and Electric Department for their efficiency in responding to aid our department during fires and other emergencies throughout the year.

Recommendations

I recommend that the Honorable Board of Selectmen appoint a committee of five (5) — one (1) from the Finance Committee, three (3) from the North Middleborough Area, and the Fire Chief — to form a Fire Needs Study Committee for the North Middleborough Area.

I recommend that our Brush Breaker be replaced within this next year. The Brush Breaker is a 1966 International, is now fourteen (14) years old, and is in constant need of repairs. Middleborough, being the second largest town in area in Massachusetts, cannot afford to have a brush breaker that is not in tiptop shape.

I recommend that serious consideration be given to replacing our Fire Alarm Truck, a 1964 Chevrolet, in poor condition, with a ladder that is questionable safety-wise.

Respectfully submitted,

Joseph F. Oliver, Fire Chief

SERVICES AND UTILITIES

REPORT OF THE FIRE ALARM SUPERINTENDENT

Maintenance of the Fire Alarm System

Wire was run on Sumner Avenue to enable the new Gerson Company building to tie into the Fire Alarm System, and is Box 591. Also, wire was run on Clark Street East, to allow McDonald's Restaurant to tie into the System, and is Box 453. Along with the above, the Montgomery Home, on South Main Street, also tied into the System, being Box 431.

A new street box 21 was ordered to replace the one in front of the Fire Station hit by a motor vehicle.

Numerous repairs were made, as necessary, to keep the System in good repair, but, more work is needed to bring the System up to A-1 condition. Wire will be replaced, and fire alarm boxes and accessories replaced, as time and monies allow.

It is anticipated that a new line will be run in the future to tie in the Red Coach Grill, and the new Firemen's Fund Insurance building at the Rotary Circle.

Recommendation

It is very strongly recommended, again this year, that the Fire Alarm Truck be replaced, as it is deteriorating very rapidly. It is a 1964 Chevrolet, received from the Electric Department, and has a ladder that was used on a 1958 truck, and is getting to be a hazard to use. I, therefore, recommend that a small bucket truck be purchased, or, that a truck, to be traded by the Gas and Electric Department, be sought to replace the present Fire Alarm Truck.

Respectfully submitted,

Thomas E. Rogers
Fire Alarm Superintendent

REPORT OF THE TRAINING OFFICERS

January — A course was given in fighting car fires, with Instructor Robert Tucker of the Massachusetts Fire Fighting Academy.

February — Training was largely C.P.R. and First Responders courses. A special drill was given the Ladder Company on chimney fires, instructed by Lt. Guilford.

March — Training for this month was also largely C.P.R. and First Responders classes. In addition, firefighters were given a tour of the Shaw Home.

April — Drill in advancing hose lines took place at Never Touch Pond. Pump operators were also drilled in pumping from draft. Instructors were Lt. Guilford and Depty Chief Smarsh.

May — A drill was held in the use of self-contained breathing apparatus, recently converted to meet new government regulations. A maze was used in a darkened cellar to simulate fire conditions. Instruction was by Lt. Guilford.

June — Training took place at Never Touch Pond in drafting procedures for the Engine Company men, and in the use of the ladder pipe for the Ladder Company. Drill was conducted by Lt. Guilford and Depty Chief Smarsh.

July — Training was held for all companies in extrication of persons trapped in motor

SERVICES AND UTILITIES

vehicles, with emphasis placed on the use of the air chisel and the Hurst Power Tool (Jaws of Life). Instruction was given by Lt. Guilford.

August — Training was conducted for all companies in the use of ground ladders, and the handling of equipment and hose over ladders. Instructors were Lt. Guilford and Deputy Chief Smarsh.

September — Training was given to all companies in the fighting of automobile fires.

October — Training for all companies was a tour of the Gas Plant on Vine Street, and a discussion of problems that may arise from a fire at that location. A makeup drill was conducted for Engine No. 2, Engine No. 3 and South Middleborough Companies in the use of self-contained breathing apparatus, and attacking fire in a building with the use of live fire in an enclosure. Pump operators were also trained in procedures of drafting from a portable tank, and tanker operators were trained in dumping procedures. Instructors were Lt. Guilford and Deputy Chief Smarsh.

November — Instruction was given to all companies in handling liquid natural gas fires and propane gas fires. Lt. Guilford and Deputy Chief Smarsh were the instructors.

December — An arson detection slide presentation was shown to all companies with Firefighter Silva as instructor.

Respectfully submitted,

David Smarsh, Deputy Chief
Head of Training

Lt. Bryon Guilford
Training Instructor

REPORT OF THE ARSON INVESTIGATOR

During the 1980 calendar year, the undersigned investigated seventeen (17) suspicious fires, Nine (9) of the seventeen (17) were found to be of an incendiary nature. Three (3) of the nine (9) incendiary fires were turned over to the State Fire Marshal's Office for investigation. The six (6) remaining fires were investigated by this department. As a result of the investigations, criminal complaints were issued by the Court against seven (7) individuals, and one (1) claim of \$17,500 was not paid by an insurance company.

Respectfully submitted,

Eugene Turney
Arson Investigator

REPORT OF THE FIRE PREVENTION OFFICER

Open House was held at the Central Fire Station on October 11 and 12, 1980, in celebration of Fire Prevention Week. Our theme was "Learn not to Burn". Demonstrations were given on the following:

1. Fire fighting apparatus and equipment.
2. C.P. R. in basic life support.
3. The Hurst Power Tool (Jaws of Life).
4. Fire safety in the home.
5. Proper use and handling of portable fire extinguishers.
6. Proper way of making emergency calls to the Fire Department by means of:

SERVICES AND UTILITIES

- a. Fire alarm pull station.
- b. Fire alarm boxes.
- c. The telephone.

The Massachusetts Fire Prevention Association meeting was held at the Riverside Restaurant in Middleborough on December 11, 1980. Eighty-five fire prevention officers from all over the state attended this meeting.

The Fire Prevention Program in the Town of Middleborough is now a yearly program. Demonstrations were given in Middleborough Schools, St. Luke's Hospital, in nursing and rest homes, and to many organizations and industries requesting our program.

Fire prevention is important as it reduces the loss of life and property. Last year, 7,800 Americans died in home fires — on the average of twenty-one (21) people a day. This amounts to eighty percent (80%) of all fire deaths. Tragedy and pain mar the lives of 300,000 Americans seriously burned each year.

Fire prevention is everyone's job. Let's fight fire with fire prevention, and make the Town of Middleborough a safer place in which to live.

Respectfully submitted,

Lt. Ronald O. Poulin
Fire Prevention Officer

REPORT OF THE MAINTENANCE OFFICER AND THE FIRE DEPARTMENT MECHANIC

Repairs made to equipment of the Middleborough Fire Department

A new engine was installed in the Patrol Car, along with a new clutch, brakes, and four (4) new tires.

The Aerial Ladder had to have a new stabilizer jack, that was bent at a fire when the truck was moved in an emergency to save it from heat.

Repairs were made to the 1966 International Brush Breaker too numerous to mention.

All trucks were greased, and the oil changed periodically with new filters installed. Back-up alarms were installed on all trucks. Two (2) new tires were installed on the Brush Breaker, one (1) on Engine No. 3, and six (6) on Engine No. 1.

The portable pumps on the Patrol Car and Brush Breaker made it through another year, but should be replaced as soon as possible.

Repairs made to South Middleborough equipment

Engine No. 5 — Two (2) grease jobs; one (1) oil change on both engines; new ignition system and electric fuel pump on pump motor; new radiator hoses on truck engine; wheat lights installed.

Engine No. 6 — Four (4) grease jobs; one (1) oil change on both engines; tune-up on truck engine; new heater and radiator hoses; electric fuel pump on truck engine; grease seal on left rear wheel.

Engine No. 7 — Four (4) grease jobs; one (1) oil change; new electric fuel pump; front wheel bearings repacked; installed brake shoe return springs; drain pipes replaced on two (2)

SERVICES AND UTILITIES

discharge valves; transfer case oil changed.

Tanker — Four (4) grease jobs; one (1) oil change; tune-up; brakes adjusted; portable pump received a valve job; canvas tank patched; new brackets to hold canvas tank on truck; two (2) new front tires installed; four (4) used tires installed on rear of tractor.

Forest Fire II — Four (4) grease jobs; two (2) oil changes; clutch and brakes adjusted; muffler installed.

All trucks had minor tail light and flasher light bulbs replaced as needed.

Respectfully submitted,

Lt. Julian Plaskawski, Jr.
Maintenance Officer

Francis Bell, III
Fire Department Mechanic

SOUTH MIDDLEBOROUGH UNIT REPORT

To the Honorable Board of Selectmen:

I herewith submit my report for the South Middleborough Unit for the year 1980.

APPARATUS

Engine 7 — 1946 Maxim Pumper, 750 G.P.M. with 300 gallon water tank.

Engine 5 – 1963 Ford F500 Pumper, 500 G.P.M. with 300 gallon water tank.

Engine 6 — 1964 Ford F600 Pumper, 500 G.P.M. with 600 gallon water tank.

Tanker 1 – 1966 International Tractor.

Forest Fire No. 2 — 1967 Jeep with 300 gallon water tank.

CONCLUSION

The 3111th year of the Incorporation of the Town of Middleborough has slipped into the record books with the passage of the so-called Proposition 2½ tax reduction referendum.

Employees hired through the Comprehensive Employment Training Act (CETA) have for years worked as dispatchers for the Police Department. We have, whenever possible, hired CETA employees to fill vacant positions and Richard N. Delongchamps was hired on January 21st to fill one full time position as dispatcher. Richard has proven to be a capable and dedicated employee.

On January 7, I was notified by Sergeant Francis A. Bell, Jr. of his intention to retire from the Police Department effective February 1, 1980. Sgt. Bell, "Franny" "Ding-Dong", or "Junior" as he was affectionally known was a dedicated member of the Police Department, seldom missing a day of work. Franny joined the Police Department on June 1, 1954 and was promoted to Sergeant on May 8, 1964. and during 1965 served as officer in charge after Chief Lawrence Carter resigned. I wish Francis, as I called him, all the best and a happy retirement. A retirement party held at the Elks Hall on July 25, 1980 was well attended by many of his friends, family and townspeople to wish him and his family well.

As a result of the retirement of Francis A. Bell, Jr., Clyde N. Swift, Jr., a 10 year plus veteran of the Department was provisionally promoted to the rank of Sergeant. Clyde has adapted well to the supervisory position. Though the official list has not been received, unofficially we know Clyde topped the Civil Service list for Sergeant taken in April.

SERVICES AND UTILITIES

I reported last year extensive renovations were done to the heating system in the Police Building. In January after considerable gas burner problems Jim Peschong, Gas Superintendent of the Gas and Electric Department recommended the burner be replaced with a modern power type burner. The existing burner was in excess of 25 years old, had been submerged in water twice, and parts were becoming difficult to find. The Selectmen authorized the new burner and it has recently been installed.

During this year, Police Officer Dennis J. Devine received accidental disability retirement. Dennis was originally injured in 1978 in a fall off the Town Hall steps.

The conference room at the Police Department has been made available to various State or Federal funded Social Service agencies for the convenience of the Local residents availing themselves of the services offered. To that end, we are happy to be able to provide the space.

As required by law, Sergeant Wilfred J. Forcier, our Police Prosecutor attended the 3 week supervisory school held at the New England Institute of Law Enforcement, Babson College in Wellesley during March. Chapter 41, Section 96B requires each officer promoted to attend such a course. Having attended, I find the course well worth the time spent.

On April 12, 1980 we held our sometimes annual - sometimes semi-annual auction of bicycles and other lost and found and unclaimed property. This event has proven to be well attended over the years with some very spirited bidding at times. This year we turned in \$696.35 to the Town Treasurer after paying for the advertisements which was our only expense.

In May through the generosity of the Peirce Trustees, Eastern Video of Billerica was awarded the contract to install closed circuit TV in the Police Department. The main purpose was to prevent suicides in the cells. Only one week after the installation was completed, an attempted suicide was observed on the TV monitor, thus preventing a needless loss of life.

The Police Building is manned 24 hours a day. As a result we felt it was not necessary to install a sprinkler system. It was however, determined a heat and smoke detector system throughout the building was worthwhile. I wish to thank Fire Chief Joseph F. Oliver and Lt. Ronald O. Poulin for their assistance. The system was installed by the Custom Alarm Service of Mendon and is tied directly into the Fire Department fire alarm panel.

On June 17, 1980 at 2:30 A.M. a potential very hazardous LPG leak was discovered at the Railroad yard off Station Street. To say there were some anxious moments would be putting it mildly. To all concerned, residents, Fire and Police personnel the whole situation was handled without incident and in a most professional manner.

Over the past 2 years we have availed ourselves of the authority granted in Chapter 77 of the Acts of 1919 which allows for the appointments of seasonal employees. This year 3 individuals were appointed to bring the Police Department up to the authorized strength for the summer months. With only limited training, the seasonal officers have proven extremely valuable.

Money has been appropriated over the past few years to microfilm irreplaceable or otherwise valuable Town Records. The program has commenced at the Police Department and not only will records be stored on film for security but we will have the ability to easier retrievability of the older records. Certain of the older records, at least the paper copy thereof, will be destroyed freeing up space for current records.

During the month of September, I again represented the Town of Middleborough by attending the N.E.A.C.P. conference in Bretton Woods, New Hampshire and the I.A.C.P. conference in St. Louis, Missouri. Much valuable information is exchanged at these conferences and well worth the money I spend.

SERVICES AND UTILITIES

Again this year, the Department has used the smaller, so-called intermediate type Police vehicle. Our evaluation of this type of vehicle as compared to the so-called full sized vehicle, indicates no great cost saving. However, for the most part they have proven adequate and we have again purchased the smaller vehicle.

In November I was elected by my peers, President of the Massachusetts Police Chiefs Association. There is no greater honor in my judgement, your associates can pay you. To that end, I am honored and I consider it an honor for the Town of Middleborough, since I represent you - its inhabitants.

Some 6 years ago I discussed with the Board of Selectmen the fact I was considering running for office in the State Association. I was given their blessing and I thank them for their confidence, since there is time involved. This is indicative of the spirit of cooperation I have experienced over the years from the Board of Selectmen.

During the year several of the officers spoke with me relative to forming a "Color Guard" to represent the Police Department in parades and other related ceremonial affairs. This presented the need for certain equipment not budgeted for. I wish to thank the United Veterans Council for providing the parade flags and appurtenances. Most of the parade dress uniform parts the officers bought themselves. The Color Guard made its first appearance in the Veteran's Day Parade and then the Christmas parade; they are a credit to the Police Department and Town. I was truly honored to have them present the colors at the Installation of Officers of the Massachusetts Police Chiefs Association held at the Riverside Restaurant in Middleborough on December 18th. My personal thanks and a hearty well done. Gentlemen!

For those individuals who have an occasion to enter the Police Building, you may note the gradual change in the old institutional decor to a more pleasant colonial motif. Our capable custodian, Louis G. Mattie has done most of the paneling and Police Officer Ronald Bernier did all the wall papering; to both my personal thanks.

In conclusion, I wish to express my personal thanks to all of the Police Departments' personnel, uniformed and civilians alike since all of you working together make the department run. To the tax paying citizens, our gratitude for the support you give the Department.

Respectfully submitted,

William E. Warner
Chief of Police

ANNUAL REPORT
of the
SCHOOL COMMITTEE
of
Middleborough, Massachusetts

For the Year Ending December 31,

1980

SCHOOL COMMITTEE

At the meeting of the School Committee held on January 29, 1981 it was voted: "To accept the Annual Report of the Superintendent of Schools for 1980 and so adopt it as the report of the School Committee to be incorporated in the Annual Town Report.

James C. Hilton
Secretary for the Committee

SCHOOL COMMITTEE

	Term Expires
Mr. Joseph F. Costa, P.O. Box No. 17	1981
Mr. William G. Rossini, 28 Pearl Street	1981
Mr. John T. Nichols, Jr., 117 South Main Street	1982
Mr. Robert J. Ventura, 169 Miller Street	1982
Mrs. Patricia J. Childs, 132 Spruce Street	1983
(Mr. Harry I. Pickering, Valley Road - Resigned 10/23/80)	1983
Mr. Fred E. Blanchard, 4 High Street - Appointed 11/6/80	1983

Superintendent of Schools
Lincoln D. Lynch, B.S., Ed.M.,D.Ed.

Assistant to the Superintendent for Business Services
James C. Hilton, B.A.,M.Ed.

GENERAL INFORMATION

ENTRANCE AGE:
A Child must be five years of age on or before January 1 to enter Kindergarten the previous September. There can be no exception to this ruling.

BIRTH CERTIFICATE:
A birth certificate issued by the Town or City Clerk’s office in which the child was born and bearing the seal of that Town or City is required for entrance to Kindergarten.

IMMUNIZATIONS:
No child shall be allowed to enter Kindergarten without a physician’s certificate showing that the child has been successfully immunized against diphtheria, Whooping cough, tetanus, measles, mumps, rubella and poliomyelitis, unless exempted for medical or religious reasons.

NO-SCHOOL INFORMATION:
Schools will be closed only when transportation by bus is judged unsafe by school officials and school bus contractor, but it is the parents’ decision whether or not their children should remain at home.

Announcements for “no school” will be broadcast over radio stations WBZ (Boston), WPLM (Plymouth), WPEP and WRLM (Taunton), WEEI and WHDH (Boston) when we can get lines through. However, parents and pupils may call the local Fire or Police Departments at 947-3100 or 947-1212 after 6:15 A.M.

SCHOOL COMMITTEE

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

As required by Sections Three and Four of Chapter 72 of the General Laws, and in accordance with School Committee policy, I herewith submit my thirteenth Annual Report of the Middleborough Public Schools. The year 1980 has been a year of analysis and development of our Basic Skills Improvement Program. Our Primary, Intermediate and Secondary plans for reading, arithmetic and writing were approved by the State Department of Education in July. This ended the first phase of a valuable and valid effort by our Study Committees, which were made up of teachers, parents, businessmen, administrators, School Committee members and students at the secondary level. Our sincere thanks to them. We will begin implementation of these plans and look forward to their continued assistance in the curriculum areas of listening and speaking.

The Henry B. Burkland School Fifth Grade innovative Plimoth Plantation Social Studies program gained deserved recognition for all participants and our schools by being given lead article status in the collaborative Humanities Project Evaluation Book, "Creating a Partnership - Museums and Schools." Our congratulations to Mr. Desrosiers, his teachers and our students.

You will be glad to know that, once again, our elementary achievement scores were well above National and Regional norms. Each child's reading progress is closely monitored through the grades and children whose performance or test scores indicate a need of additional help are provided with individual assistance from our Title I compensatory reading services staff, supervised by Mrs. Wilrene Card; Carol Mitchell, our reading supervisor, or components of our special needs staff. Our thanks to them and to our staff for their effective efforts on behalf of our students.

Our townspeople have doubtlessly noticed the permanent "Our Town" panel developed by Mrs. Margaret Call-Conley and placed in front of the Henry B. Burkland addition. Our congratulations to all involved for this example of new art reinforces and enriches learning and aids in our training for developing pride and identity for our students.

The Junior High School had another outstanding year as developed in Mr. Lindsay's report, which follows. A Reading for Pleasure program, which provides two to five minutes of uninterrupted reading at the end of each day, has been well received and is developing in many students the joy of reading for sheer pleasure.

Vice Principal Robert H. White and Stuart F. O'Brien, have been coordinating courses in Systematic Training for Effective Teaching and Parenting, the former for staff and the latter for the Parent-Teacher Involvement Committee. This groups has been most helpful in developing home-school communication and interaction. They developed a most successful Open House tour of Middleborough Junior High School for Sixth Grade students, and their parents, last June. We appreciate their help.

In May, the Chamber of Commerce, the Rotary Club and the Junior High School developed and ran a "Career Day". The effort was coordinated by Maureen Higgins. Guest speakers, displays and booths represented over 40 career fields in presentation to Junior High students during the day and High School students and townspeople during the evening. Our sincere thanks to the Chamber of Commerce President, Mr. George Marcy, the coordinators, Charles Pina and John Jardin, and to Ms. Higgins for an outstanding success. During the summer, the 1927 boilers were replaced with two new fuel efficient gas boilers which can be converted to fuel oil very easily. The Junior High then became one of five schools to be awarded the "E" for energy savings pennant of the Massachusetts Association of School Superintendents, indicating overall fuel savings of 20% or more. (These pennants went also to Middleborough High School, the School Street School, Union Street School and Mayflower School.)

At Middleborough High School we note with ambivalent feelings the loss of Dr. Kenneth L. Johnson, who assumed the Superintendency in Southbridge, Massachusetts in October .

SCHOOL COMMITTEE

His leadership, wise counsel, good example and dedicated professionalism are sorely missed. We thank Mr. Norman L. MacDonald, Mr. Harvey F. Books, and Mr. Roderick Berry for carrying the Middleborough High School administrative burden so capably between October 1 and the arrival of our new Principal, William S. Wassel, on January 5, 1981.

The Middleborough High School staff continued to innovate with team teaching efforts in college and standard English, guest speakers in business and social studies, a pre-algebra course in math, accelerated courses in biology and chemistry-physics, and an expanded careers awareness capability in guidance.

Eight of our gifted Middleborough High School students were enrolled in "Project Excel," developed by the administrators and staff of ten local participating high schools and Southeastern Massachusetts University. This program provides enrichment for 10th and 11th graders and an opportunity for seniors to accelerate by enrolling in regular freshman courses at S.M.U.

Plaudits to Mr. Joseph P. McDonald, our new media coordinator

He has added a new dimension to our library media programs in the development of a video tape exchange program. He has also instituted a regular preventative maintenance program for all audio-visual equipment. His librarians report increased circulation and broadened instruction in library sciences. Our thanks and encouragement to all involved.

Mr. Richard E. Nelson, Director of Music, reports the finest stage band in twenty years and an exchange concert with Tolland, Connecticut. He registered 190 new instrumental musicians in the elementary grades this year; evidence of the fine interest and a healthy feeder system for a music program unexcelled in Southeastern Massachusetts.

Mr. Richard G. Brooks, Supervisor of Choral and String Music has been chosen choral conductor of the S.E.M.S.B.A. 1980-1981 concert; an honor for him and for us. His outstanding choral groups are an inspiration to us and sure proof of the effectiveness of music in building pride, identity and the joy of accomplishment through working together to students. Mr. Brooks and Mrs. Jan Bichsel, their students and all involved are to be congratulated for their outstanding production of Guys and Dolls to packed houses last spring.

Our physical education and athletic programs under the capable direction of Mr. Joseph A. Masi and his staff, continue to provide most effective training, learning and growing experiences for our students. Physical education and athletics are a highly valued and valid part of our total educational program.

Mr. Martin T. Hanley, Director of Pupil Personnel Services, has shown outstanding leadership in his first year on the job, especially in the procurement and management of Federal and State funds and programs. His is a tremendously wide area of responsibility which includes all health services, occupational education, attendance, reading - including Title I - special needs, guidance and adjustment counselling. My congratulations and thanks to him and to his staff for the attainments noted in their reports, which follow. Special thanks to Mrs. Roselle Tharion, Special Needs Coordinator, for her help with Chapter 622, her overall effectiveness and the most successful sixth annual Lions Club Christmas Party for needy children. Thanks also to S.A.C. Stuart O'Brien, for his efforts in in-service training and to Wilrene Card for her competent handling of our entire Title I effort, including summer school.

The Community Evening School and Diploma Program finished its fifth successful year under the direction of Mr. Harvey F. Brooks, with the capable assistance of Mr. Charles F. Connell. This year we received a \$12,000 Federal Title XIII, FL94-561 grant to help offset expenses. Total enrollment was 784. The Diploma Program enrolled 144 students during the year, with nine students having received their M.H.S. diplomas with the Class of 1980. Thanks and congratulations to all involved for providing this valid program for the valuable extension of lifelong learning opportunities to all our citizens.

SCHOOL COMMITTEE

We note with alarm the passage of Proposition 2½ and pray for amelioration of its effects. We have further lost local control of education to a State Government which continues unbridled in its spending. I fear for our future when we must now compete for funds with the M.B.T.A., Boston and State Government.

As in the past, we will make every effort to manage the schools as we would a business, obtaining the best value for every dollar we spend. We will continue to work to persuade the State to properly fund new legislation and meet their financial obligations for existing mandated programs. Finally, we pledge our students the best possible educational program our resources can provide.

My thanks to the School Committee, the Peirce Trustees, the administrators, the teachers, the nurses, the clerks, the cafeteria workers, the aides, the custodians and maintenance men, the bus operators and drivers for their help and cooperation. I am also grateful to the Selectmen, the Finance Committee, the Conservation Commission, Mr. Anders Martenson, Mrs. Ruth Caswell, Mr. William F. Warner, Mr. Cliff Engstrom, Mr. Stuart Peak, Mrs. Ellen Grant, Mr. Weldon Thomas and their staffs and others without whose help our job would be most difficult.

Finally, my thanks to Mr. James C. Hilton, my effective assistant, my very efficient office staff, my wife and the students and Townspeople of Middleborough.

Respectfully submitted,

Lincoln D. Lynch, D.Ed.
Superintendent of School

SCHOOL COMMITTEE

PROFESSIONAL APPOINTMENTS

Nancy B. Eldredge, Special Needs, Middleborough High School
Dorothy M. Greene, Title I, Remedial, H.B. Burkland School
Raymond V. Hand, Science, Memorial Junior High School, effective January 2, 1980
Marie M. Hight, Speech Therapist, effective December 1, 1980
Diane L. Holbrook, French, Middleborough High School
Louise A. Humphreys, Art, part-time, H.B. Burkland School
Joseph P. McDonald, Media Coordinator, effective August 25, 1980
Deborah A. Olean, Reading & Learning Disabilities, Memorial Junior High School,
effective April 28, 1980 to June 30, 1980. Reappointed for 1980-1981 school
year.
Mary-Lou Kelly Orr, Grade 1, Plymouth Street School, six-months to one year contract.
Judith A. Rizzo, Grade 1, Union Street School
James F. Smyth, Grade 2, West Side School
Robert M. Sullivan, Pool Supervisor and Teacher, H.B. Burkland School
Doreen A. Trufant, Resource Teacher, Central Elementary District
Robin E. Waslick, Speech Therapist, effective January 21, 1980 to June 30, 1980.
Reappointed for 1980-1981 school year.
William S. Wassel, Principal, Middleborough High School, effective January 5, 1981
David E. White, English and Social Studies, Memorial Junior High School

Richardine M. Robidoux, Classroom Aide, Memorial Junior High School, effective June 19, 1980

Joan B. Rogers, Classroom Aide, Memorial Junior High School, effective June 19, 1980

Miriam White, School Nurse, effective January 9, 1981

SCHOOL COMMITTEE

ANNUAL REPORT OF ELEMENTARY PRINCIPALS

Our report to you this year will singularly focus on the present status of the Basic Skills Improvement Program here in Middleboro at the K-6 levels.

We refer you to last year's report for the identification and establishment of minimum standard programs as required and outlined by the State for all school systems in Massachusetts.

Two Committees (Early Elementary, K-3, and HBB, 4-6) met independently throughout this past year establishing the specific procedures for our academic levels, steered by the State regulations and guidelines. The respective efforts of the two Committees were coordinated by a liaison group in order to provide a logical, sequential, and developmental continuum for establishing minimum standards at these levels.

The finished product was reviewed for, and discussed with, the School Committee, who then voted to adopt the program.

All youngsters, with noted exceptions, are to be tested in the spring of the year at the 3rd and 6th grade levels for the express purpose of identifying those boys and girls who do not meet the minimum levels of competence. The testing instrument is to be the Iowa Test of Basic Skills. Youngsters who score below the established levels in Arithmetic, Reading, and Writing (Language) will then be subject to appropriate follow-up instructional programs and services to facilitate their progress in the needed areas.

The initial testing under this State-mandated program is to be done in the spring of 1981, and in each subsequent year.

Plans for monitoring, evaluating, modifying the Program here in Middleboro are all provided for in the plans.

We would, in conclusion, note for the reader that these above-mentioned endeavors have been similarly developed at the secondary level also. Together, we are attempting to guarantee that no youngster graduate from High School without achieving at least minimum competency in identifiable areas.

What has been accomplished in the areas of arithmetic, reading, and writing during this past year will now be followed in the ensuing year by establishing similar programs to enhance listening and speaking skills.

Robert E. Desrosiers
Robert W. Gross
Franklin E. James
Louis A. Rizzo

SCHOOL COMMITTEE

MEMORIAL JUNIOR HIGH SCHOOL

The education which is being received by the students in Grades 7 and 8 continues to be of high quality, individual in its approach although traditional in philosophy, and broad enough in scope to meet the social and emotional needs of adolescent development.

Our curricula in all departments is being continually revised and upgraded and received particular attention last spring as the new regulations on Minimum Competency standards in Mathematics, Reading, and Writing were promulgated by the Massachusetts Department of Education for adoption and testing in the present school year 1980-81. A committee of 15 people consisting of townspeople, students, department heads, specialists, and administrators met frequently during the past school year to determine the testing program and other ramifications for the secondary grades 7-12. It was decided to employ the state tests for Reading and Mathematics in the last spring of the eighth grade and the state writing test in Grade 9. The official plan was approved by our local school committee and submitted to the state for final approval which was received in July of 1980.

Departmental meetings have been held with regularity to emphasize the need for concentration on the basic skills. Our curricula and method of homogeneous grouping in the academic areas has provided an excellent existing situation for the teaching of the basics, while also offering enrichment to those who have demonstrated average to superior ability.

Curriculum improvements have occurred in the Social Studies department with the introduction of a new unit on the federal government for use at all academic levels, with work progressing on units for state and local government. Our annual Student Government Day held in the spring is a feature of the student involvement which is well publicized to the community. Field trips to annual Town Meeting and to the State House in Boston add realistic dimensions to the classroom experience.

Seventh grade students who study life science use field trips to the Nemasket River areas to become familiar with plant and animal life, using the microscope and dissection techniques to develop familiarity with all aspects of life science, including an understanding of human physiology. Eighth graders use experimentations and demonstrations to study physics, chemistry, and geology. Last June our eighth annual trip to Acadia National Park in Maine was organized by Mr. Closson and provided four days of classroom study in an outdoor setting which will be a long remembered experience for about fifty students as well as parent chaperones and high school student instructors. We are planning to continue this self supporting field trip by expanding fund raising projects this spring, in spite of continuing cutbacks in the school budget.

The 24th annual Science Fair was held in April which included all eighth graders and many seventh graders. Always successful and attended by hundreds of parents and interested high school students and townspeople, we are looking forward with great anticipation to the twenty-fifth fair which will be held in April of 1981. Students are already planning for this event.

Our music classes in both grades 7 and 8 have presented some outstanding performances, with Mrs. Iampietro directing her seventh graders in a production of "A Connecticut Yankee in King Arthur's Court" and Ms. Carey directing eighth graders in a November performance entitled "Entertainment Now and Then", a March performance of the "MJHS Muppet Show" which was also presented for children at the Mayflower School and a May performance of "Circus Showcase" which was staged in the main gym. A third of the eighth grade is involved in each show and there is always an evening presentation for parents and friends. These programs are extremely well presented.

The shop and home economics classes continue to provide life skills which are very important to the practical and well rounded education of every junior high student. All classes are integrated and the students show mastery of practical skills in the allotted twelve weeks which provide them and their parents with many beautiful and well made projects.

SCHOOL COMMITTEE

The Physical Education Department has revised their curricula so that there is more variety of offerings at any given time, and also a greater number of activities during the year. A well rounded and integrated program is provided with additional opportunities in the intramural program and varsity teams.

Our Student Council, consisting of twelve elected representatives from each grade and four officers, for a total of 28 students is very well organized and active throughout the whole school year. They take responsibility for planning many student activities, such as a Bike Ride along Cape Cod Canal, five dances, roller skating, Christmas parade float, Christmas caroling, School Spirit Day, two ski trips to New Hampshire, a talent show, and a trip to a Red Sox game. They also act as guides during Parent Visitation Days and other events. The funding for these activities is done through our annual magazine drive, directed by John D. Ladouceur, which this year broke all previous records by grossing \$18,707.00 in six school days. Our profit, after expenses, is enough to provide five well-chaperoned dances with live bands and refreshments at no cost to our students, as well as many other items for the direct benefit of the students. One of these areas is in providing paper back books for the Reading for Pleasure program.

The Reading for Pleasure program was initiated in February 1980 after approval of the proposal by the School Committee. Providing twenty-five minutes at the ends of each school day for silent, uninterrupted reading of books of the student's choice, a new perspective on reading has been introduced in the school. In addition to being a very quieting and relaxing period for students and teachers, it has focused on the pleasure and importance of using one's available time for a worthwhile and constructive purpose. A survey taken at the end of the last school year indicated widespread acceptance of the program by the students and faculty and so it has become part of the regular school day program. As previously mentioned, enough books have been purchased with the school magazine drive funds to amply supply every homeroom in the school. Additional books are continually purchased and the present ones rotated monthly, to provide new and interesting reading materials.

Improvements in the procedures and policies of the school have been recommended by the continuation of an interested segment of the faculty known as the School Improvement Committee. This voluntary group meets monthly at the home of a different member and discusses agenda topics in depth with the administration. Valuable suggestions are then acted upon in subsequent faculty meetings or by immediate implementation.

In addition there is currently an in-service course being taken by twelve of our teachers and coordinated by Vice-Principal Robert H. White. Emphasizing more positive approaches to classroom management through behavior modification, the course is entitled "Systematic Training for Effective Teaching". We are one of the first schools in the area to use this practical, effective course very recently published (1980) by the American Guidance Service. We hope that another twelve teachers will enroll during the next school year.

We were encouraged to proceed with the STET course after involving a group of parents in the companion course "Systematic Training for Effective Parenting" coordinated by Mr. Stuart O'Brien, Adjustment Counselor at the Burkland School. The enthusiasm generated among the parents was inspiring and rewarding. Parents have been the focus of efforts to involve them in the improvement of the school through a Parent-Teacher Involvement Committee which meets one evening a month at the school to discuss any issues, plans and projects which are significant to the general improvement of the school. Acting as an advisory group this committee has planned several programs for parents, featuring speakers and discussion of topics pertinent to junior high school. An innovation which met with resounding success was an Open House Tour of M.J.H.S. by Grade 6 students and their parents last June. A film depicting a typical day of a seventh grader was shown and a question and answer session provided valuable information.

The Parent-Teacher Involvement Committee is actively planning ways in which parents can be organized for volunteer work during the next school year. Other systems where volunteerism has been successful are now being studied.

SCHOOL COMMITTEE

Another highlight of our present school year was the successful presentation of "Career Day", jointly planned by the school, the Chamber of Commerce and the Rotary Club. A whole day was devoted to a special program which featured community business people, professionals, artisans and tradesmen who spoke to the students about the skills, qualifications and other aspects of their career. Guest speakers from over 40 career fields were presented in the 7th and 8th grade classrooms. An impressive display of actual equipment, materials and pictorial presentations relating to these careers were set up in the main gym for the public and M.H.S. students to view from 3 until 8 p.m. It was agreed that the students received a great many benefits from this program and we hope to continue it on a regular basis as part of our Career Education program. We are grateful for the outstanding effort of our guidance counselor, Maureen Higgins, as well as the President of the Chamber of Commerce George Marcy and his committee, Charles Pina and John Jardin.

The continuing plan for improvements to the building included the replacement of the two original boilers with two new, fuel-efficient boilers which are capable of using either natural gas or fuel oil. With revenue sharing funds appropriated by town meeting last spring, this project started on the first day of summer vacation and was not completed until the end of October. It should be noted that through the efforts of our Head Custodian Anthony McLaughlin, we were able to save over 18,000 gallons of fuel in 1979-80 by practicing fuel conservation. We were recently awarded an "E" flag to display on our flagpole for this effort is saving about 34% over the previous year. Students observed a special "Energy Day" this November to increase awareness of methods to save energy at home and at school.

Another valuable improvement was the installation of an electrically powered wheelchair stairlift, capable of moving a handicapped person from the first to the second floor of the main building. Required by the federal government under Title IX regulations and by the state to bring the building into conformity with the accessibility requirement of Chapter 766, a new stairway was constructed for this customized lift. Since its installation on November 1 it has received a great deal of use by students unable to use the regular stairway, because of a permanent or temporary disability.

In conclusion, this has been a very productive, exciting, and challenging year for Memorial Junior High School. We are looking at the immediate future with some uncertainty about what curtailments in our staff or programs may be necessary because of Proposition 2½. We are hoping that the present excellent quality of our school will not be seriously jeopardized, for that will become our greatest challenge during the coming months.

Alan R. Lindsay, Principal

SCHOOL COMMITTEE

MIDDLEBOROUGH HIGH SCHOOL

The most significant event in the life of Middleborough High School this past year was Dr. Johnson's departure to assume the superintendency of the Southbridge Massachusetts School System. His inspiring leadership and continual contributions to the welfare of both students and staff will be sorely missed. All of us here at the high school wish him success in his new position. Mr. William Wassel the newly appointed principal will officially assume his duties on January 5, 1980.

While there were no major changes in our curriculum offerings for the academic year of 1980-1981, some interesting innovations in instructional methods have taken place; for instance:

- a. A team teaching approach to English IV college and standard levels was instituted for the 1980-1981 academic year. Each member of the team teaches to his or her particular subject matter strengths, thereby giving the students the best possible instruction in the particular unit under study.
- b. The Business department has continued their program of exposing students to career and post secondary education opportunities through the medium of guest speakers.
- c. Pre-algebra was introduced this year as a new course offering in the Math department, and from all reports appears to be well accepted by students and is filling a definite need. Work is also progressing on new course outlines for all algebra offerings.
- d. An additional section of United States History (college level) was implemented by the Social Studies Department. In a continuing effort to add relevancy to course offerings, Patrolman Lance Rogers of the Middleborough Police Department has been in again as a guest speaker. His topic of the role of the police officer in the community was very well received by the students in freshman and senior social studies courses.
- e. The Science Department continues to be an active and involved segment of the school. The accelerated courses in Biology and Chemistry Physics are progressing with pleasing results. Also, a program of career exploration has been expanded to offer students the opportunity to investigate careers in various fields of scientific employment.

The use of our school library (re-named McAfee Library in honor of the memory of Eugene McAfee) has steadily increased. Circulation of books has increased to 8,342 for 1980 and teacher usage has increased to 244 class visitations.

The athletic programs continue to bring honor to Middleborough High School and provide our students with a wide range of choices in both competitive and individual sports programs. The policy and procedures for determining student eligibility have been upgraded to guard against any future possibilities of forfeitures due to student ineligibility.

One hundred and one (101) members of the graduating class of 1980 continued on into post secondary education. This figure represents 46.3% of the graduating class going on further into career preparation. Fifty-four (54) students entered four year degree granting institutions, one (1) student entered nurses training, twenty-one (21) other graduates entered various other educational institutions.

This past year has seen the formation of a Parent Involvement Organization at Middleborough High School. Initially the extension of last years eighth grade Parents Involvement Committee, the group now numbers about forty-five parents of students in all four grades. A Nucleus Study Committee has been created and will report back to the group its recommendations for organizational structure and purpose.

SCHOOL COMMITTEE

Finally, my sincere appreciation to all members of the faculty, staff, and administration for their continuing cooperation and contributions which have made the smooth operation of our school possible, particularly during the transitional period.

Respectfully submitted,
Norman L. MacDonald
Vice Principal

MEDIA SERVICES

Continuous increase in the circulation of materials and equipment, the broadening program of library instruction offered to students, and the expansion of teacher assignments for research and library related projects have made this a productive year for the Media Services personnel. These indicators also suggest that our use of school budget and federal funds over a period of years to increase our library collections has helped build them into an integral part of our education program.

New video equipment purchased with federal funds has been used to record programs for use by science, social studies, English, music, reading and driver education classes, as well as programs for the Memorial Junior High School and elementary schools.

Media directors from several South Shore communities recently met at Middleborough High School and expressed mutual interest in developing cooperation among our media departments. As an extension of this, we have already transferred some video programs and used some resources from Bridgewater-Raynham High School, East Bridgewater High School, Norwell High School, Stoughton High School, et al.

Some release time days have been devoted to a program of preventive maintenance of our audio-visual equipment. We hope to visit each school this year to thoroughly clean and lubricate all equipment as well as to check for faulty wiring or defective parts that need replacing. This program should help us to cut back on repair costs in the future.

As Media Service personnel we wish to express our appreciation to our student assistance for their many hours of valuable service.

Students and teachers throughout the school system continue to benefit from programs initiated by Eugene McAfee, past Director of Media Services. In May, the Middleborough High School Library was renamed the McAfee Library in his honor.

As Media Coordinator, I personally wish to thank my colleagues throughout the school system for the many courtesies afforded me as a newcomer to the system.

Special thanks are owed to Mr. Card and Mr. Osborne who have frequently given assistance in my efforts to provide services throughout the school system. I also wish to express my appreciation to Gail Twomey and Nancy Raynes at the McAfee Library, Eleanor Hammond, John Closson and Mary Cook at the Memorial Junior High School Library and Diane Gibson and Pat Saunders at the Burkland Media Center for their continuous dedication and service to our community.

Joseph P. McDonald
Media Coordinator
